

OUTSTANDING MEALS BALANCE

With the end of the school year quickly approaching please take some time to monitor your student's account balance. Any remaining balances (positive and negative) will be transferred to your students account for the next school year, even if your student is attending a different school within the district.

Should you like a refund of your student balance, please, request it in writing and it will be mailed to you.

Thanks for a good year.

Harlene Batchelder,
Child Nutrition Director
