Welcome to the School Board meeting. If you wish to be heard by the Board, please note "Public Comment" at the beginning of the agenda (reverse side). During the comment section of the agenda each speaker may have up to three (3) minutes within the time frame allowed. Board Chair may limit time allotment as deemed necessary. Occasionally, the Board may "suspend its rules" to allow visitor participation at the time an issue of specific interest is being addressed. A speaker will not be recognized for a second time on a particular topic.

Visitors should not expect a Board response to their comments or questions under the above since the Board may not have discussed or taken a position on the matter. The Superintendent, without speaking for the Board, may offer clarification as appropriate.

Agendas and background information are available on the district website prior to meetings. Agendas and additional information are generally available at the entrance to the meeting room or distributed at the time the item is introduced for discussion.

**BARRINGTON SCHOOL BOARD AND ADMINISTRATORS:** Karen Berg, Deannah Rae, Dan Moulas, Garth Svenson, David Gibson, Rebecca Kila

ADMINISTRATORS: Todd Allen, Sue Caswell, Suzanne Filippone

There were two members of the public present.

### I. CALL TO ORDER:

### 7:00 - 7:45 p.m. Joint Meeting with Barrington School District School Board

Tom Newkirk welcomed the members of the Barrington School Board for an exchange of ideas meeting. They had a discussion on an anticipation of student enrollment projection. David Gibson replied that they don't track enrollment but don't see anything that would cause the demand to subside. The students that are currently enrolled at Oyster River are generally positive about it. Dan Moulis, Superintendent, added that their enrollment is pretty steady. The growth of housing starts have been prolific in the past few years but they have not seen an increase of enrollment as of yet. Superintendent Morse added that Oyster River's numbers will be steady for the next five years or so.

Tom Newkirk mentioned that they are looking to extend the World Language Program in the District. He asked if Barrington was doing any initiatives to extend theirs in the District. Dan Moulis replied that they are looking at some options for the seventh and eighth grade and it is in the proposed budget. He agrees that it is an important academic program to have in the middle school. Karen Berg asked what World Language would look like in fifth grade. Superintendent Morse replied that they are creating a World Language Committee to meet and make recommendations for the fall. The goal is for Oyster River students to be moderately proficiently fluent in a language when they graduate and could blend in that country. There is a lot of research which shows that the earlier language is taught the more easily absorbed.

Superintendent Morse added that the World Language staff would love to meet with Barrington and share the model that they are using. This would help create a synergy of the two Districts.

Tom Newkirk stated that once a Barrington student comes into the high school the goal was for them to feel welcome and integrated into the system. Rebecca Kila mentioned that her daughter attends Oyster River and she didn't have any problems when she began at the high school. Heather Machanoff from the Counseling Department added that if the student has a connection with sports or activities prior to coming to Oyster River it seems to help. She added that the Student Senate has been working on different ways to reach out to incoming Barrington students. They work with the Middle School to be proactive in helping any students that may need additional resources prior to entering the high school. Suzanne Filippone mentioned that the incoming freshman class next year will be doing some team building activities at the Brown Center at UNH next year.

Dan Klein mentioned that they would welcome what Barrington students and parents think. Is there anything more that they could do to encourage people to reach out? David Gibson replied that they don't get a lot of direct feedback from parents on any of the high schools. This is a sign that schools they send their students to are quality schools.

Tom Newkirk thanked the Barrington School Board and Administrators for coming and exchanging ideas and thoughts. They would like to make this an annual meeting.

Superintendent Morse reported that the music concerts in the schools have been truly phenomenal. It has been a marvelous holiday experience and the credit goes to the Music Teachers.

There is a complete draft available of the Strategic Plan. They will bring it back up in the new year for discussion.

Superintendent Morse has reached out to an interfaith group in Dover and they had a great meeting on thoughts for moving forward with the calendar in the future.

There is a lot of interest in the K-5 Language Program. Superintendent Morse would like to form a World Language Committee to research the plus and minuses of creating a K-5 Program and have them report back in the fall. Tom Newkirk agrees that this is a good idea as long as it does not indicate moving forward with a program, but rather to investigate. Superintendent Morse will come back to the Board in January with a charge of this Committee.

New Hampshire School Boards Association 25 Triangle Park Drive, Suite 101 Concord, NH 03301 (603) 228-2061 (603) 228-2351 (fax) www. nhsba.org

### NHSBA – Proposed Resolutions for January 2019 Delegate Assembly November 26, 2018

### **Proposed Resolution #1**

Submitted by: Oyster River Coop School Board

**Proposed Resolution:** The New Hampshire School Boards Association supports legislation that makes clear the authority of local school districts to restrict all but authorized police and security officers from bringing firearms onto school property. This restriction applies to all students, school visitors, employees, volunteers, those attending school functions, and those voting when the polling place is in a school.

Rationale: While the federal Gun Free School Zone Act (GFSZA) would seem to coincide with this resolution, recent actions of the legislature, and an opinion by the attorney general, substantially undercut this law. In an August 26, 2016 ruling, the Attorney General stated that the NH Open Carry law allows guns to be brought into polling places (including schools) The state of New Hampshire, in his opinion, has no authority to enforce the GFSZA. In fact, another New Hampshire statute, RSA 159:26 denies any political subdivision the power to regulate "the sale. purchase, ownership, use, possession, transportation, permitting, taxation, or any other matters pertaining to firearms...." According to school attorney Gordon Graham, this law "has completely pre-empted the authority of school districts to formally adopt a policy or regulation regarding the possession of firearms on school property." (communication to SAU 5 Board). This law would seem to make any restriction (e.g. parents bringing in guns to teacher conferences) beyond the capacity of districts to regulate. On the other hand, school boards and administration have the responsibility of maintaining an environment "free of hazardous conditions" (NH Department of Education Rule 302.02(m)—a rule that presumably would allow prohibiting the possession of guns on school property. Attorney Graham concludes that "the jumble of federal and state laws is a mess." Action on this resolution will bring state law in line with the federal law, and give clear authority for districts to maintain gun-free schools.

NHSBA Executive Committee Recommendation: Opposed/Not recommended. The NHSBA Board of Directors has reservations adopting a Resolution relative to guns or firearms on school grounds. The NHSBA Board of Directors recognizes that school boards and individual school board members may have vastly varying opinions on this matter.

NHSBA Board of Directors Proposed Alternative: NHSBA calls upon the United States Congress, the New Hampshire Legislature and local public safety agencies to prioritize collaborative threat assessment and crisis planning with school districts; and further supports legislation at the federal, state and local levels that protect students and school district employees from on-campus violence.

Submitted by: Manchester Board of School Committee

**Proposed Resolution:** Eliminate/remove the two existing NHSBA Resolutions relative to the New Hampshire Retirement System:

- (1) NHSBA supports the continuing existence of the New Hampshire Retirement System (NHRS). The NHRS should be strong, secure, solvent and fiscally sustainable. To achieve this goal, NHSBA supports legislation that will strengthen NHRS's solvency while also lessening the fiscal impact on local school districts. NHSBA supports legislative changes to NHRS that ensure NHRS is fully funded. NHSBA supports legislative changes to NHRS that return state contributions to NHRS. NHSBA supports requiring that all NHRS rate increases are shared equally between employees, employers and the state. (2017)
- (2) Resolution X:A• NHSBA supports the continuing existence of the New Hampshire Retirement System (NHRS). The NHRS should be strong, secure, solvent, and fiscally sustainable. To achieve this goal, NHSBA supports legislation that will strengthen NHRS's solvency, including legislation to change how an employee's average final compensation is determined. NHSBA supports a calculation using an average of the highest five years for all employees retiring after July 1, 2016. NHSBA further supports legislation requiring that all NHRS rate increases, above those attributable to the \$2.4 billion unfunded liability agreed to by public employers in 2007, be shared equally between employees and employers. (2011)

Rationale: The decennial commission has established a long-term plan for fully funding the New Hampshire Retirement System. All stake holders had an opportunity to voice their opinion to the Commission and make recommendations.

NHSBA Executive Committee Recommendation: Support/Recommend. The NHSBA Board of Directors believes that eliminating these two Resolutions will better reflect the Association's position with respect to recent actions of the New Hampshire Retirement System. The NHSBA Board of Directors agrees with the stated rationale as expressed by the Manchester Board of School Committee. Additionally, the NHSBA Board of Directors believes that challenges facing local school boards with respect to NHRS funding relate primarily to the elimination of state contributions to the NHRS, which were cut in 2009 and fully eliminated in FY 2013.

NHSBA Board of Directors Proposed Alternative: NHSBA supports the continuing existence of the New Hampshire Retirement System (NHRS). The NHRS should be strong, secure, solvent and fiscally sustainable. To achieve this goal, NHSBA supports legislation that will return state contributions to NHRS.

Submitted by: Merrimack Valley School Board

**Proposed Resolution:** NHSBA advocates for the proper funding of high quality public education and opposes any provisions of the law or rule that funds private school student reassignment using publicly raised tax dollars.

**Rationale:** RSA 193:3 and Ed 320 rules represent potential areas where school choice proponents can divert publicly raised funds in the case of school reassignment. The NHSBA should oppose any such efforts.

NHSBA Board of Directors Recommendation: Opposed/Do Not Recommend. The NHSBA Board of Directors greatly appreciates the Merrimack Valley School Board's submission and interested in this matter. However, the NHSBA Board of Directors believes the subject matter and intent of this proposal is already covered in NHSBA Resolution I:A and I:B. Adoption of this Resolution would be duplicative and repetitive.

Submitted by: Mascenic Regional School Board

**Proposed Resolution:** The Mascenic School Board supports NHSBA Resolution I:A, that the utilization of public education funds (be used) solely for public school purposes as determined by the local school boards.

**Rationale:** The advent of SB 193 and the continued advocacy for the use of public, taxpayers funds to support vouchers and/or private school interests is contrary to our belief that public education funds be used solely for the support of students' public school education.

NHSBA Board of Directors Recommendation: No action is needed on this proposal, as it was submitted to indicate the Mascenic Regional School Board's continued support of NHSBA Resolution I:A. The NHSBA Board of Directors greatly appreciates the Mascenic Regional School Boards continued support of this Resolution and continued support of NHSBA.

Submitted by: Mascenic Regional School Board

**Proposed Resolution:** The Mascenic School Board supports Resolution I:B "urging the NH Legislature and Congress to oppose any efforts to subsidize elementary of secondary private, religious or home schools with public tax dollars. We oppose the creation of vouchers, tax credits and tax subsidies that in any form are targeted to (offset) the tuition or expenses for non-public K-12 schools, rather than diverting scarce tax dollars away from our public school classrooms". We urge "the NH Legislature and Congress to support improvements in our public school and to meet current funding obligations and promises benefiting the majority of America's children who are educated daily in our public schools".

**Rationale:** The Mascenic School Board supports the importance and responsibility of the NH Legislature and Congress to adequately fund our country's system of public education and to maintain up-to-date funding formula's designed to meet these needs.

NHSBA Board of Directors Recommendation: No action is needed on this proposal, as it was submitted to indicate the Mascenic Regional School Board's continued support of NHSBA Resolution I:B. The NHSBA Board of Directors greatly appreciates the Mascenic Regional School Boards continued support of this Resolution and continued support of NHSBA.

Submitted by: Raymond School Board

**Proposed Resolution:** That if a parent chooses to exempt their student from a statewide assessment, school district does not need parental approval for the alternative activity that will be provided to the student while the assessment is being administered.

Rationale: RSA 193-C:6 and RSA 91-A:5, III were amended, such that if a student is exempted from taking the statewide assessment by their parent or legal guardian, the school must provide an appropriate alternative educational activity for the time period during which the test is administered, and that the alternative activity will be agreed upon by the parent/legal guardian and the school district. We feel that requiring parental approval for each student's activity places an undue burden on school districts already required to find space and staff for these alternative activities during assessments.

NHSBA Board of Directors Recommendation: Opposed/Do Not Recommend. The NHSBA Board of Directors understands and respects the concerns raised with this proposal. However, the NHSBA Board of Directors is concerned that the proposed language may be interpreted as meaning NHSBA does not respect parental input. Additionally, the NHSBA Board of Directors is unaware of any instances in which the school district and the parent were not able to reach mutual agreement on alternative academic activities for those students who do not take the statewide assessment test.

Submitted by: Raymond School Board

**Proposed Resolution:** The public funding not be used to support religious or private education.

Rationale: None provided.

NHSBA Board of Directors Recommendation: Opposed/Do Not Recommend. The NHSBA Board of Directors greatly appreciates the Raymond School Board's submission and interested in this matter. However, the NHSBA Board of Directors believes the subject matter and intent of this proposal is already covered in NHSBA Resolution I:A and I:B. Adoption of this Resolution would be duplicative and repetitive.

Submitted by: Raymond School Board

**Proposed Resolution:** That the decision as to what date to start the school year remain a local decision and not be mandated by the State Government.

**Rationale:** There has been discussion in State Government about the possibility of mandating that the first of school for all New Hampshire public school be after Labor Day each year. While we're not necessarily opposed to this, we feel that it should be decision made locally, not mandated by the State.

NHSBA Board of Directors Recommendation: Opposed/Not Recommend. The NHSBA Board of Directors greatly appreciates the Raymond School Board's submission and interested in this matter. However, the NHSBA Board of Directors believes the subject matter and intent of this proposal is already covered in NHSBA Resolution V:I. Adoption of this Resolution would be duplicative and repetitive.

Submitted by: Keene School Board

**Proposed Resolution:** The NHSBA supports continuing to allow school districts to determine the best opening school date for their own districts.

**Rationale:** The opening date of school should not be a top-down, one size fits all decision. Different regions of the state have different needs and desires regarding both the starting and ending dates of their local school districts. Local school boards are in the best position to understand the needs and wants of their local communities and should be able to determine the best start date for their region based on this information.

**NHSBA Board of Directors Recommendation**: Oppose/Do Not Recommend. The NHSBA Board of Directors greatly appreciates the Keene School Board's submission and interested in this matter. However, the NHSBA Board of Directors believes the subject matter and intent of this proposal is already covered in NHSBA Resolution V:I. Adoption of this Resolution would be duplicative and repetitive.

Submitted by: Keene School Board

**Proposed Resolution:** The NHSBA supports legislation allowing local districts to determine whether guns are allowed in their schools.

**Rationale:** Local school districts and superintendents work closely and intensely with local and state safety and law enforcement personnel to develop individualized school safety plans designed for the individual buildings and communities. Local officials should retain control over what weapons policies best keep their own students and buildings safe.

NHSBA Board of Directors Recommendation: Opposed/Not recommended. The NHSBA Board of Directors has reservation adopting a Resolution relative to guns or firearms on school grounds. The NHSBA Board of Directors recognizes that school boards and individual school board members may have vastly varying opinions on this matter.

Proposed Alternative: See Proposed Resolution #1 – Oyster River School Board

NHSBA calls upon the United States Congress, the New Hampshire Legislature and local public safety agencies to prioritize collaborative threat assessment and crisis planning with school districts; and further supports legislation at the federal, state and local levels that protect students and school district employees from on-campus violence.

**Submitted by:** Litchfield School Board. Approved by the Litchfield School Board on November 5, 2018

**Proposed Resolution:** The NHSBA supports the modifying RSA 193:3, I, to require the New Hampshire State Board of Education to restore support for local decision in Change of School Assignments and Manifest Educational Hardship requests.

**Rationale:** Support from the State Board of Education for local decisions in a case of manifest educational hardship would restore authority to local school boards and enable local school boards to render better decisions which are in the best interest of the child. Local school boards better understand the situation under which a parent/guardian requests a manifest education hardship decision for their child. Local school boards are in a better position to determine if there is clear and convincing evidence to approve this type of request.

NHSBA Board of Directors Recommendation: No action. This proposed Resolution was submitted after the Friday November 2, 2018 deadline. For this reason, and to maintain consistency and fairness, the NHSBA Board of Directors is declining to make a recommendation on this proposed Resolution. The Litchfield School Board may introduce this proposal from the floor of the January Delegate Assembly.

Policy Committee Meeting Minutes

Wednesday, December 12, 2018 @ 3:30 PM

Attendees: Kenny Rotner, Denise Day, Tom Newkirk, James Morse, Wendy DiFruscio

Visitors: 0

Denise called the meeting to order at 3:35 PM.

Dr. Morse opened the meeting by stating that we have brought back the Policy JICD – Student Discipline and Due Process that the committee sent back to principals for feedback. It was determined that removal of language allowing students to participate in afterschool non-academic activities needs to happen, and language added that Board approval is needed for an out-of-school suspension. Additional questions were asked pertaining to the procedure that accompanies this policy and additional clarification is needed on the superintendent's authority to extend beyond the 10 days. This policy will be put on hold until the next meeting.

Policy IJ – Instructional Resources – This policy was reviewed for content and a question was raised as to what it meant when it states, "Are current". Jim explained that this refers to keeping our instructional resources up to date and does not mean that literacy novels cannot be used. No additional questions were asked, and this policy will go for a first read.

Policy JICL – Student Computer and Internet Use – Jim explained that this policy and procedure was brought before the committee back in February of 2017 and at that time suggested edits were made to both the policy and procedure, but it was never sent to the Board for approval. It was re-reviewed, and some clarifying language was added to the procedure. This is ready for a first read.

Policy IJ – Guidance Program – a policy from 1988 will be sent to the Counseling Director for review in case some language within the policy needs to be saved or added to another policy. If this is not a relevant policy, it will be sent to the Board for deletion.

No additional questions or comments.

Meeting ended at 3:55 PM - Next meeting January 9, 2018.

Respectfully submitted, Wendy L. DiFruscio
