Welcome to the School Board meeting. If you wish to be heard by the Board, please note “Public Comment” at the beginning of the agenda (reverse side). During the comment section of the agenda each speaker may have up to three (3) minutes within the time frame allowed. Board Chair may limit time allotment as deemed necessary. Occasionally, the Board may “suspend its rules” to allow visitor participation at the time an issue of specific interest is being addressed. A speaker will not be recognized for a second time on a particular topic.

Visitors should not expect a Board response to their comments or questions under the above since the Board may not have discussed or taken a position on the matter. The Superintendent, without speaking for the Board, may offer clarification as appropriate.

Agendas and background information are available on the district website prior to meetings. Agendas and additional information are generally available at the entrance to the meeting room or distributed at the time the item is introduced for discussion.

The ORCSD School Board will meet in regular session on the first and third Wednesdays of the month with special meetings when necessary. V. ANNOUNCEMENTS, COMMENDATIONS AND COMMENTS
A. District
Valerie Wollson and Janet Martel Oyster River Teachers’ Guild Co-Presidents read a letter that they wrote to the Board. They wanted to express their gratitude for the positive working relationship they have enjoyed with the School Board and Dr. Morse.

Carrie Vaich of Mast Way commended the PTO Teachers and Students for all their work on the Spellathon. The teachers worked really hard to represent this to the kids in a positive way. They raised approximately $14,500 for the playground with this fundraiser.

Carrie reported that there is a Boys Night Out this Friday night. It will be a fun night with dancing and food.
The musical will be on April 18th at the high school at 7:30. The Enrichment Committee has been working on Earth Day as a school wide event. There will be a series of stations in the school. Smarter Balance Testing starts in May.

Superintendent Morse reported for Dennis Harrington that the Pancake Breakfast was held last night at Moharimet. It was a great turnout. This make-up date in the evening was a great success.

**B. Board:** Kenny Rotner noted that there was a YouTube video done in honor of Dennis Harrington last night.

He asked Todd Allen for an update on homework. He has been asked by community members.

Kenny Rotner mentioned with sadness the passing of Tom Merrick. He served on the Advisory Budget Committee and was very involved and contributed a lot to the community.

Al Howland has also heard from a parent with an incoming freshman that is concerned about homework.

Al Howland mentioned that a student who is very involved in drama at the school put together a great presentation request for funding.

**VI. DISTRICT REPORTS**

**A. Assistant Superintendent/Curriculum and Instruction Reports:** Todd Allen updated that they are at the beginning of looking at homework. Mike Anderson, a consultant they are working with, wrote a letter to the Superintendent raising some questions related to homework. They are discussing a potential survey tool. There is a lot of variables on how much homework a student should expect. As this develops, Todd will keep the Board updated. How does homework fit into the learning process is one of the questions. They have to be cognizant that students take a wide array of courses. Some of the students take seven courses and those students would have more homework.

Todd announced that the summer 2017 Reach Program Catalog has been published. There are 43 camps being offered. There are a couple of new offerings this year: Pam Felber will be offering a week long drama camp. There will also be a three day back packing trip in the White Mountains for incoming
freshman. All the programs will be at the Middle School. Free lunch will be offered in the cafeteria.

B. Superintendent's Report: Superintendent Morse reported that the District had budgeted 14.1 percent for health insurance and the actual increase will be 9.8 percent. This will free up about $150K, but he is recommending that we go through the hiring process and see what the remaining funding is before we use any of the funds. They are at the beginning stages of interviewing and at a future Board meeting will be able to nominate some positions for the fall.

Superintendent Morse also reported that the Kindergarten enrollment at Mast Way is at 69 students and is in the low 40s at Moharimet. They will be determining how to balance the enrollment of Kindergarten at the two elementary schools. They are beginning to see a trend in Lee that was unanticipated.

C. Business Administrator: Sue Caswell presented the MS-22 Form which needs to be approved and signed by Board members.

Denise Day moved to approve the MS-22 Form, 2nd by Maria Barth. Motion passed 7-0 with the Student Representative voting in the affirmative.

D. Student Senate Report: Student Representative Hannah Wilson reported that today freshmen had STEM testing, sophomores had PSAT testing, juniors had SAT testing and seniors did community service. The drama department is performing a one act play this Thursday evening. It is written by student Kristen Short. Also, the senate has been working on planning a spring festival the day before April break.

E. Other: ORMS Report Card Format on the Middle School: Jay Richard, Aaron Ward and Valerie Wolfson presented the Report Card format to the Board.

Competencies and Habits of Learning Scale:

M  Meets high expectations consistently
P  Progressing towards competency
B  Beginning to develop competency skills
ELA Habits of Learning:

HOL-1 Respectful
HOL-2 Responsible
HOL-3 Engaged
HOL-4 Growth of Mindset

Jay Richard, Aaron Ward and Valerie Wolfson had an in-depth conversation with the Board on the proposed report card format. Jay reported that these competencies were created by the teachers.

Tom Newkirk has asked what happens if a student goes through a math class and they are not given a competent grade. Jay Richard states that they will be identifying students that are not and they will be targeting them to give them the assistance, support and services that they need during the academic school year. They have discussed revamping their RTI Program to be able to offer students more opportunities for students.

There was a discussion that there isn’t a fourth category for exemplary competency on the learning scale. A narrative that assesses the effort can also be used as a motivator. Jay Richard discussed that they have spent a lot of time and effort debating having three or four categories. Aaron Ward presented that three categories makes more sense to roll out this system for ease of implementation. This is something they can look at to implement in year two.

Tom Newkirk requested a survey be sent out to ask questions to staff. He would like to be certain that the teachers particularly in eighth grade are confident with this new proposed system. State law requires high school to have competencies aligned with the courses. There isn’t a state requirement at the middle school.

They will be bringing it back to the Board in May for a vote.

Jay Richard also mentioned that while interviewing teacher candidates for potential hiring he asked them about homework and they are saying they are not big fans of a lot of homework.

VII. DISCUSSION ITEMS:
Start Time Bus Schedule: Transportation Director Lisa Huppe has generated new bus routes for the afternoon schedule. The morning routes will remain the
same as this year. Lisa has worked to keep the elementary runs less than 40 minutes, but the high school rides are a little longer.

Superintendent Morse is recommending that we revert Chestnut Farms back to the Moharimet neighborhood.

The proposed start times for the schools in the fall are: Elementary 8:55 – 3:10 and MS/HS 8:15 – 3:05.

**Al Howland moved to approve the above start time bus schedule, 2nd by Denise Day. Motion passed 7-0 with the Student Representative voting in the affirmative.**

Kenny Rotner would like to look at our transportation system to reduce bus ride times for students moving forward. It is also a goal to increase ridership of students on the bus.

**School Bus Leasing Bid:**
Lisa Huppe reviewed the summary of bids for school buses with the Board. She is recommending using Dattco for a vendor at a cost of $86,261 for 60 months.

**Al Howland moved to approve Dattco Inc. for the vendor for school buses for $86,261 for 60 months, 2nd by Kenny Rotner. Motion passed 7-0 with the Student Representative voting in the affirmative.**

There was a Board discussion about learning of proposed field trips earlier in the planning process.

Motion to approve list of Policies:

At the next meeting, they will be reviewing the remaining Board committees for assignment for the next year.

IX. SCHOOL BOARD COMMITTEE UPDATES:
Superintendent Morse reported that Tom Newkirk and Todd Allen met with the executive staff at UNH about crafting a memorandum of understanding that will enable students to have an early college experience.

From: Jim Morse, Superintendent

RE: Recommended Board Goals from Administrator Leadership Team

My interpretation of the discussion was a consensus of the following six goals. The Administrative Leadership Team met to discuss the Board's feedback for the 2016-17 School Board goals.

1. Develop a communication strategy that engages the community in a dialogue on key issues (goals 2-6 below)
2. Middle School Facility – Inform and engage in a dialogue with parents and School Board
3. Competency reporting and implementation at MS and HS
4. Expand World Language program in grades 5-12
5. School Start Time – Engage the community in the discussion
6. Outline 2016 – 2017 Wellness/Mental Health approach

We developed a communications protocol which we could then apply to each goal. Additionally, I have applied this protocol to the Middle School Facility goal as an example, that if it meets School Board Approval we can apply to the remaining goals.

Board Goal 1: Oyster River Communication Protocol/Strategy

The intent of this protocol is to act as a template to facilitate the sharing of various initiatives that emphasize engagement and that improve the possibility that ideas are well vetted throughout SAU 5 with the ultimate goal of improvement of these ideas/ initiatives

Effective Communication, as applied to district and building or department goals, will require various approaches tailored to the intended outcome.

This protocol is intended to assist the communication committee and staff in making decisions as to how to communicate on various issues via a series of prompts.

INTRODUCTORY LETTER

STATUS OF PRIOR YEAR RECOMMENDATION:

1. Prepare for Single Audit Changes  

CURRENT YEAR ISSUE:

2. Prepare to Implement GASB 75 for OPEB
To the School Committee
Oyster River Cooperative School District

In planning and performing our audit of the basic financial statements of the Oyster River Cooperative School District as of and for the year ended June 30, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered the Oyster River Cooperative School District’s internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District’s internal control. Accordingly, we do not express an opinion on the effectiveness of the District’s internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

During our audit, we became aware of other matters that we believe represent opportunities for strengthening internal controls and operating efficiency. The recommendations that accompany this letter summarize our comments and suggestions concerning those matters.

This communication is intended solely for the information and use of management, School Committee, others within the organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

PRIOR YEAR RECOMMENDATION:

1. Prepare for Single Audit Changes

   Prior Year Issue:
   In the prior year, we advised the District of significant new requirements related to single audits. In addition to raising the threshold for requiring a single audit from $500,000 to $750,000, there are new requirements of OMB's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (UG) for single audits.

   Current Year Status:
   This issue is partially resolved. The District has taken steps to review current policies and standards applicable to the new uniform guidance and is in the process of weighing revisions as needed to ensure compliance with new requirements.

   Further Action Needed:
   We recommend that the District continue making revisions where needed and then implement training on the revised policies and procedures to ensure staff is aware of changing regulations. This will help the District to minimize the risk of new single audit compliance findings in fiscal year 2017.

CURRENT YEAR ISSUE:

2. Prepare to Implement GASB 75 for OPEB

   Beginning in fiscal year 2018, the District will be required to implement the Governmental Accounting Standards Board (GASB) Statement 75 Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB). GASB has taken the position that OPEB is a form of compensation and the liability/expense should be recognized while the employee provides service to the government. GASB Statement 75 replaces Statement 45, and requires the full net OPEB liability and related expenses to be presented on the government's accrual basis financial statements. Previously, the liability was recorded incrementally, generally increasing based on the degree to which a government funded the annual required contribution. It is expected that the implementation of this accounting standard will have a material impact on the District's financial statements, including the recording of a larger net OPEB liability and substantial new disclosures.
We recommend the District begin planning for the implementation of GASB 75, which includes gaining and understanding of the new requirements, educating applicable financial statement users, and ensuring that actuarial valuations are performed in a timely manner and in compliance with the new requirements. It will also be important for the District to maintain an adequate system of documentation to support the employee census data information provided to the actuary, since this information will now be subject to annual audit testing.
Hi Tom –

Thanks for the email. We get this question often. It’s one of those situations where the statute doesn’t line up with the practical reality of running a school district. Also, the practice varies from district to district.

First, RSA 197:23-a states in part “The treasurer shall have custody of all moneys belonging to the district and shall pay out the same only upon orders of the school board or upon orders of the 2 or more members of the school board empowered by the school board as a whole to authorize payments."

Many boards have a policy that speaks to two board members (or more) having to sign the manifest before money can be released. I assume you have a policy that requires 4 board members (a majority of the board) sign the manifest. That’s fine, as it complies with the intent of the statute.

The problem often arises when board members – for whatever reason – are not able to review and sign the manifest before bills need to get paid – usually payroll. I’ll speak to that in a bit.

As you said, the role of the board in signing the manifest is often perfunctory. However, some board members provide greater scrutiny to the manifest before signing. I suppose it’s a matter of balance. On one hand, the board needs to provide sufficient financial oversight of the district’s expenses and the public’s money. However, on the other hand, it’s not a great use of one’s time to comb over every box of pencils that the district purchases.

Some boards review and sign the manifest at the meeting – or immediately before the meeting, as you indicate. Other districts have the designated board members come in to the SAU office on their own time – but with some routine – to sign the manifest as their individual schedule allows. Some board members have complete trust in the superintendent and BA that the manifest is correct and accurate which makes signing the manifest perfunctory. Other board members, as I mentioned, feel the need to review every purchase order, every expenditure, every box of pencils, and so forth.

While signing the manifest and ensuring it is accurate is important, I trust that this is not the only level of financial oversight the board has. I presume that the board gets financial updates/documents on a routine basis. This also allows for a level of board oversight.

One consideration is that even if the board or designated board members don’t review and sign the manifest, certain expenditures need to be made. For example, the district can’t withhold payroll because the manifest wasn’t signed or because a board member has an issue with the manifest.

In sum, I think the best practice depends on your board’s comfort level. If you trust that the superintendent and/or BA are doing their jobs properly, less review is probably necessary. However, nothing can prevent an individual board member from being as thorough as he or she wishes. But be mindful that extra scrutiny can’t get in the way of the board making legally necessary payments such as payroll, obligations arising from contracts, insurance, etc.

Last, yes – I’m doing more of the legislature stuff at this time. Feel free to email NHSBA Staff Attorney Bud Fitch with any legal questions. His email is bfitch@nhsba.org.

Hope this helps. Let me know if you need anything.

Dr. Morse,

Please accept this letter of resignation from my position as Director of Athletics for the Oyster River Cooperative School District effective at the conclusion of my current contract, June 30, 2017. I cannot thank the Oyster River community enough for welcoming me to be apart of your family in 2011. Since then, through the support of the school board, administrators, faculty and the families of this district I believe we have been able to enhance to student-athlete experience. This community is a special place, one I will miss dearly. I wish the district well, but knowing many of the individuals and the passion their have for the students, I have no doubt the district will continue to thrive and I look forward to seeing that play out for the students of Oyster River. Thank you again for a very memorable tenure as Athletic Director for the Oyster River community.

Yours in sport,

Corey Parker

EVALUATION OF THE BOARD
School Board Self-Evaluation and Goal Setting

At the conclusion of each year, the Oyster River School Board shall reflect on the degree to which its goals and objectives have been accomplished. The board shall address those areas as outlined in state laws and ORCSD established Board goals.

Appendix BAA-R1 Evaluation Questions

BA- R2 Individual Board Member Self-Evaluation Worksheet
To the Board:

By policy BA we are require to perform an annual self-evaluation. The policy states:

At the conclusion of each year, the board shall reflect on the degree to which its goals and objectives have been accomplished. The board shall address those areas as outlined in state laws and ORCSD established Board goals.

There are various evaluation tools available, but I thought we should keep it simple. So, I would like each of you to consider the following questions:

1. How effective was the process of formulating Board goals?

2. How effective has the Board been in accomplishing its goals?

3. Have Board meetings been run in an efficient and civil way, with all viewpoints welcomed?

4. Has the Board been effective in crafting a budget that balances educational needs and fiscal responsibility?

5. Comment on any other aspect of Board work.

We will have an open discussion on these questions.

Policy Committee Meeting Minutes

Wednesday, March 8, 2017@ 3:30 PM

Attendees: Maria Barth, Kenny Rotner, Denise Day, James Morse, Wendy DiFruscio

Visitors: 0

Called to order at 3:30 by Maria Barth.

Maria asked if the agenda could be adjusted and start with Section III - Questions/Discussion. Maria has been reviewing the Vision Statement for the District and wishes that it could be reviewed and revised to include something on science so that future decisions made by the District could be based on science.

Jim suggested that this be brought up to the full Board for discussion as well as be considered when goals are developed for the next year.

Policy BAA - Evaluation of the Board is the current policy for the district, but has been recoded through the NHSBA to BA. Review of the existing policy language and the recommended NHSBA language was discussed and it was decided to keep the existing language, but recode to BA. Two draft procedures were included with the revised policy, BA-R1 Evaluation of School Board and BA-R2 – Individual School Board Member Self-Evaluation Worksheet. Policy Committee reviewed and discussed the suggested procedures and decided to incorporate the BA-R2 – School Board Self-Evaluation with a minor change to one of the questions. It was agreed that this procedure could be used as a tool that could be filled out at the beginning of the year, scored and then filed away and used again at the end of the year, scored and compared. They will also use the evaluation questions presented at the last School Board meeting and create a second procedure to this policy and have it be identified as BA-R1 Evaluation Questions. Both the policy and procedures are ready for a first read.

Policy BBAB – Roles and Duties of the Board Chairperson – This policy has never been formally adopted by the School District, but is used as a guideline when the new Board is nominated. This policy was reviewed and a change made to #2 by adding Vice-Chair to the sentence. This is ready for a first read.

Policy BBA – School Board Powers and Duties – Policy reviewed with no changes. Policy will be updated to reflect date and status.

Policy BSAB – School Board Member Use of Electronic Communication Devices during School Board Meetings – Again this policy was reviewed with no changes and will reflect date and status.

Policy BIB – Board Member Development Opportunities – The policy and procedure were reviewed. A brief discussion ensued resulting in a minor change to the procedure and the addition of a cross reference for re-imbursement guidelines.

Policy BIE – Board Member Indemnification – Policy was reviewed with no changes made. This policy will be updated to reflect date and status.

Meeting ended at 4:30 PM – Next meeting April 12, 2017.

Respectfully submitted,
Wendy L. DiFruscio
