Superintendent Morse turned the meeting over to questions from the public.

Denise Day of Durham asked about the location of the proposed two additional classrooms at Moharimet. Superintendent Morse illustrated where they were in the diagram. The Barrington contract does it increase over the years? Superintendent Morse replied that their cost increases reflect the increase costs at the high school.
Dean Rubine of Lee congratulated the Board on a great job on the budget. He asked about the reserve fund? The reserve account was created by the voters at the last budget. Dean asked about as we take more tuition students and our costs decrease, will Barrington’s cost per student decrease? Superintendent Morse replied no.

Jay Hilliard from Lee two additional classrooms wonders if this is the year to put revenue into the two classrooms instead of perhaps putting revenue towards capital improvements that are needed in the District.

William Henze of Lee asked if they are anticipating any petitioned articles in the budget? Superintendent Morse replied that the deadline has passed so there won’t be.

Lindsay Rains of Madbury agrees that the additional classrooms are a good idea. She spoke in favor of a resource office at Moharimet School and would like to see it added to the budget.

Upon no further questions, Superintendent Morse thanked everyone for coming to the meeting.
