Welcome to the School Board meeting. If you wish to be heard by the Board, please note “Public Comment” at the beginning of the agenda (reverse side). The comment section of the agenda should not exceed three (3) minutes unless extended by the Chair. Occasionally, the Board may “suspend its rules” to allow visitor participation at the time an issue of specific interest is being addressed.

Visitors should not expect a Board response to their comments or questions under the above since the Board may not have discussed or taken a position on the matter. The Superintendent, without speaking for the Board, may offer clarification as appropriate.

Agendas and background information are available on the district website prior to meetings. Agendas and additional information are generally available at the entrance to the meeting room or distributed at the time the item is introduced for discussion.

The ORCSD School Board will meet in regular session on the first and third Wednesdays of the month with special meetings when necessary. The School Board appreciates your attendance at these meetings and invites your continued interest in its work on behalf of the children and residents of the District.

**Athletic Director Narrative:**

Please accept this nomination for David Burrows for the girls' varsity head coaching position at Oyster River High School. Dave most recently has been assisting our boys high school program. Over the past 7 years Dave has been a key component in enhancing our entire ORYA basketball program building the foundation for fundamental skills. Prior to coaching with our youth organization he had coached at Spaulding High School as the boys varsity head coach. Dave carries a rich knowledge of the game stemming from his high school experience (current holder of the most points score in high school for the state of NH) and culminating with a full scholarship to play at Bryant University. Dave's values and philosophical views of what being a high school athlete means are in line with the views of the athletic department and as Athletic Director I am excited to see his leadership for the girl's program.

Emily Spognardi

Emily Spognardi is a rising senior at the University of New Hampshire studying environmental conservation. At UNH she is the co-founder of Trash 2 Treasure, a program dedicated to reducing move-out waste on campus and also the SCI-FRI program, an afterschool educational experience for 4th grade students at Mohairmet elementary school. She works at the Seacoast Science Center in Rye, NH as a naturalist and enjoys being an environmental educator for younger generations. In her spare time, Emily enjoys hiking and knitting (although not at the same time).

Cydney Scarano

Cydney Scarano enters her new position as a green team leader for Mohairmet Elementary School with a wealth of experience in the fields of outdoor and environmental education. She holds an Ed.M in Elementary Education from UNH (2003) and an MSE and BSE in Outdoor Education/Nature Interpretation from The State University of New York College at Cortland (1982). After receiving her Juris Doctor Degree from the Syracuse University College of Law (1990), she practiced environmental law in Syracuse.

Over the last 13 years, Cydney has been actively involved at Mohairmet School as a teacher, parent, and volunteer. Just last year she co-published a field guide to the Mohairmet Nature Trails which provides detailed information for 30 teaching stations established along the school’s circumferential trail. She also leads and coordinates the school’s maple sugaring activities and helps classrooms to tap over 100 maple trees each spring. Cydney has worked hard to align school curriculum to outdoor education activities that allow students to develop an appreciation and awareness of their natural world.

Mary Caulfield

Mary Caulfield is a certified middle school math teacher. Her past includes teaching math at Berwick Academy and continues to work with students of all ages as a private math tutor. She currently works for Dover Adult Ed as a Basic Education Instructor. Mary has also spent a number of years working in a business environment utilizing her MBA skills from UNH as the accounting manager at Wentworth by the Sea. In between schooling, and family life Mary has involved herself in a few small business enterprises such as the Adelie School of Protocol and the Wooly Bear. Mary enjoys the outdoors, cares about the environment, and is concerned about how our resources are being used. Mary is excited to have become part of Oyster River School District’s Green Team. She looks forward to collaborating and educating with others ways we all can improve our practices to be a more sustainable community.

Maggie Morrison

Maggie Morrison and her husband Nat, and daughters Emily and Eliza have lived in Durham for the past 14 years. Maggie’s oldest daughter is a ’10 graduate from Oyster River and Eliza will graduate this coming June with the Class of 2014. Our family has had a strong commitment of environmental care and concern. While residents of Dover, Maggie and Nat were the founding members of Dover Citizens for Recycling which was responsible for establishing Dover’s recycling center and it’s bag and tag program. Most recently, Maggie was appointed as the Environmental Steward for the Community Church of Durham. In this newly formed position, she will work with the 300 member congregation to establish a Green Justice Team to advocate for environmental awareness and care.

Kathleen Hanlon

Katie Hanlon is a junior at the University of New Hampshire studying environmental engineering and minoring in architectural studies. I studied renewable energy abroad in Costa Rica and I am very passionate about sustainability. I'm excited to work with the kids, parents, teachers, and the high school principal to promote being green!
**Cell Phone Usage:**

$45.00 per month will be provided to you to compensate you for the use of your personal cell phone for school business. In exchange you will provide Oyster River Cooperative School District your cell phone number to be used as necessary for District business.

SCHOOL BOARD POLICY

ESTABLISHING CRITERIA FOR SPECIAL EDUCATION EVALUATIONS

IN THE OYSTER RIVER COOPERATIVE SCHOOL DISTRICT

The State and Federal special education laws require that the Oyster River Cooperative School District evaluate children with disabilities who are in need of special education and related services. The district evaluates children upon referral for special education and reevaluates educationally disabled children at least once every three years or when conditions warrant a re-evaluation.

The district is committed to ensuring that each child’s IEP team bases its decision on high quality, reliable and educationally sound special education evaluations.

The district has established the following criteria for all special education evaluations. These criteria consequently apply to all evaluations conducted by school district personnel, all evaluations the district asks outside contractors to conduct, and all independent evaluations parents expect the school district to review, consider, and/or fund.

Unique circumstances may justify deviation from these criteria. If a parent or district staff member is aware of such unique circumstances, it is expected that they should inform the student's case manager or the district's special education director immediately.

1. The evaluation must comply with the relevant provisions of the State and Federal special education laws, including 34 C.F.R. §§ 300.301–300.311, and N.H. Code of Administrative Rules Ed 1107.

2. The evaluation must be conducted in New Hampshire, by an evaluator whose principal office is located in New Hampshire, unless there is no qualified evaluator in New Hampshire.

3. The evaluator must hold a valid license from the State of New Hampshire in the field related to the known or suspected disability. The evaluator must have extensive training and experience in evaluation in the area(s) of concern and be able to interpret the instructional implications of the evaluation results. In instances where no “applicable license” exists, the district must be satisfied that the evaluator has extensive training and experience related to the known or suspected disability.

4. The cost of the evaluation shall not exceed the usual and customary rate for such evaluations.

5. The school district will not pay for the evaluation until it receives the evaluator’s report.

6. The evaluator must review relevant educational records.
7. Unless otherwise determined by the members of the child's IEP team, the evaluator must either: a) observe the child in one or more educational settings; or b) make at least one contact with the child's general education teacher for the purpose of determining how the student is progressing in the general curriculum. In addition, evaluators are encouraged to make additional contacts with other involved general and special education teachers and related service providers.

8. The evaluator must be permitted to directly communicate and share information with members of the IEP team, the district's special education director, and the director's designees. The evaluator must also release the assessments and results, including any parent and teacher questionnaires, to members of the IEP team, the district's special education director, and the director's designees.

9. The district shall be entitled to inspect and obtain copies of the evaluator's records, including any records created by third parties. However, for purposes of the federal Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g(a)(4)(B)(I), records will not be deemed accessible to any school district personnel other than the evaluator, unless and until the district exercises its right to inspect or obtain copies of those records from the evaluator.

PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL, EMPLOYEES, STUDENTS OR ADMINISTRATION TO THE SCHOOL BOARD

Any complaint presented to the Oyster River Cooperative School Board about school personnel, employees, students or administration, will be referred back to the Superintendent. The Board will not hear or review complaints until such complaints have first been brought forth through the appropriate and applicable administrative procedures and the Superintendent or his/her designee has had a reasonable opportunity to seek to resolve the complaint.

The Board may decline to hear any complaint, which will interfere with its ability to serve as an impartial trier of fact in any related student or personnel matter. This complaint procedure shall not supersede or modify any right held by employees of the District under federal law, state law, contract, or collective bargaining agreement.

To the extent it is deemed appropriate by the Superintendent, the individual who is the subject of the complaint may be advised of the nature of the complaint and may be given an opportunity for explanation, comment, and presentation of the facts. The Superintendent shall seek to resolve the matter and report to the Board.

Complaints about the Superintendent may be made directly to the Board through the Clerk, but only after reasonable efforts have been made by the complaining party to resolve their complaint directly with the Superintendent. The Board may, to the extent it is appropriate, advise the Superintendent of the nature of the complaint and may give the Superintendent an opportunity for explanation, comment, and presentation of facts.

In the event a complaint is made directly to an individual Board member, the procedure outlined below shall be followed:

1. The Board member shall refer the person making the complaint to the Superintendent for investigation. The Superintendent may delegate the investigation to a Principal or other administrator.

2. If the member of the public will not personally present the complaint to the Superintendent or Principal, the Board member shall then ask that the complaint be written and signed. The Board member will then refer the complaint to the Superintendent for investigation.

3. If the person making a complaint believes that a satisfactory reply has not been received from the Superintendent, he or she may request that the Board hear the complaint. The Board will hear and act upon the complaint only by majority vote. The Board may decline to act on any complaint which, in its sole judgment, would interfere with the Superintendent's ability to properly administer the district. If the Board does hear and act upon the complaint, all Board decisions shall be final.

4. If the Board decides, in accord with Paragraph Three, to hear and act upon a complaint that pertains to personnel, employee, student or administrative matters, it shall determine whether the complaint shall be heard in public or non-public session in accord-
with RSA 91-A:3 and the laws pertaining to student and family privacy rights. The Board shall also determine whether it is appropriate to inform the individual who is the subject of the complaint of the meeting and to provide said individual with further opportunity for explanation, comment, and presentation of the facts to the Board.

5. If the Superintendent is the subject of the complaint, the Board shall determine whether the complaint should be heard in public or non-public session in accord with RSA 91-A:3. The Board may, to the extent it is appropriate, advise the Superintendent of the nature of the complaint and may give the Superintendent an opportunity for explanation, comment, and presentation of the facts.

Reconsideration of Instructional Materials

Persons not in agreement with the Oyster River Cooperative School District on its selection of books or other instructional material and who wish a particular book or material to be reviewed must submit to the Principal a "Request for Reconsideration of Instructional Materials." The request forms are available at the school office.

The Principal, upon receipt of a "Request for Reconsideration" will acknowledge receipt to the complainant and list anticipated steps to be taken. The Principal will then notify the Book Review Committee and schedule meetings necessary to review the complaint and to write a report.

The final report will be forwarded to the complainant and the Superintendent of Schools whose decision is final. If the complainant is dissatisfied, the next step is to submit the request to the Superintendent of Schools for action. If the complainant does not accept the Superintendent's decision, the complainant may request a review by the School Board, whose decision will be final.

During the investigation the instructional material will remain in use unless a Selection Committee votes to remove or restrict the material until a final decision is made.

USE OF STUDENTS IN PUBLIC INFORMATION PROGRAM AS COURIERS

One of the strongest links of communication between the school district and the public is the pupil in the classroom. Failure to provide parents with appropriate information may lead to misinformation about the schools.

It is the responsibility of the school administration to see that information regarding school activities, programs, and organizations is properly disseminated to parents.

The Oyster River Cooperative school administration shall take reasonable steps to ensure that the use of students as couriers is limited to carrying information about the school system, or a particular school, except as specifically provided in the following paragraph. Such information may include publications, newsletters, notices, or other printed matter published under the name of the school district, the individual school(s), or the recognized parent/teacher group(s) associated PTO(s).

Students may not serve as couriers for information generated by non-school organizations, subject to the following conditions:
1. The information clearly states that it is not school-sponsored,
2. the activity is student/classroom related and approved by the building principal,
3. the school board, or its agents, reserves the right to refuse any request for distribution of such information, on a case by case basis; and
4. the distribution of such information is subject to prior approval by the superintendent or his/her designee.

Information published by the school district, individual school, employee organizations or unions, recognized parent/teacher groups, or non-school groups which advocate a particular position on bond issues, political matters, labor relations issues, or school district budgets will not be distributed through the use of students as couriers.
COMMUNICATIONS WITH PARENTS

District wide curriculum objectives will be made available to parents as an assist in their understanding of curriculum expectations. - Safety Concerns
- Effects of other sports, including Title IX and equity implications
- Phase of Implementation
- Adherence to district policies
- Level of support from student body
- Any other issues identified
Feasibility of Self-Funding:
Sponsors have expressed interest in financially assisting.

Pay to play is already established within some programs.

ORYA may be willing to assist in initial start-up costs

Uncertainty in clear revenue streams projected by presentation

May increase the competition for fundraising groups for ORCSD

Football could increase total sponsorships, bring in new sponsorships to ORCSD

Adequacy/Availability of Facilities
An off-site practice facility needs to be found as on site facilities are at capacity.

UNH has expressed willingness to work with ORHA and at this time cannot confirm renal agreement.

Initial conversations with the Town of Durham, Woodridge Field would not be available for practices.

Other local fields have been preliminary discussed.

Adherence to District Policies:

Football proposed would be consistent with new district policy for board adoption

Sponsorship fundraising would need to be in compliance with school board policies

The program would need to be established and under the control the High School Athletic Director and High School Principal

Other Issues Identified by Committee:

More tuition students would increase the demand for additional athletic opportunities

Athletic departments will be increasing workload significantly

Improved or expanded on-site facilities would drastically increase all opportunities

Student Senate Survey

43% students feel will positively affect the culture
18% students feel no impact on the culture

Conclusions:

Recognized that sustainable interest may exist for a future ORHS football program

A mechanism for funding needs to be identified

Title IX implications for athletic opportunities are uncertain and could be significant

There was an in-depth Board discussion on this on what to develop on a plan moving forward. Al Howland moved to amend his motion to develop a plan moving forward to solve the issues of self-funding/MOU, facilities, and gender equity. Al Howland moved to withdraw his motion. Motion approved 5-2 with Megan Turnbull and Ann Lane voting against the motion.

Al Howland moved to empower the Superintendent to develop a committee to address the funding 2nd by Ann Lane. Motion approved 7-0.

All Day Kindergarten Update: Superintendent Morse reported that there were meetings at both Mast Way and Moharimet to gauge the interest of all-day kindergarten. There were approximately seventy-five families that attended. There was an objection to charging for the programming believing that it should be included for the students of the District. He spoke about the price of all-day Kindergarten and the parents’ reaction. Is this proposal too late for proper implementation? Is charging tuition appropriate? The ultimate question is one of philosophy.

There are sixteen parents that are interested in having their students attend a full day kindergarten program as a pilot program. The Board discussed the idea of paying for all-day kindergarten and family’s ability or inability to pay.

Superintendent Morse discussed the Moharimet overcrowding issue. He feels that whatever course they take should begin in the fall of 2014.

This is an important issue moving forward and should be considered at budget time next year.

Sue Caswell detailed proposed additional expenditures for the Board’s consideration:

- Medical Plan Consulting and Education: $12,000
- Middle School Roof Ladders: $9,980
