If you require special communication aids, please notify us 48 hours in advance.
Oyster River Cooperative School District  
SAU #5

Welcome to the School Board meeting. If you wish to be heard by the Board, please note "Public Comment" at the beginning of the agenda (reverse side). The comment section of the agenda should not exceed three (3) minutes unless extended by the Chair. Occasionally, the Board may "suspend its rules" to allow visitor participation at the time an issue of specific interest is being addressed.

Visitors should not expect a Board response to their comments or questions under the above since the Board may not have discussed or taken a position on the matter. The Superintendent, without speaking for the Board, may offer clarification as appropriate.

Agendas and background information are available on the district website prior to meetings. Agendas and additional information are generally available at the entrance to the meeting room or distributed at the time the item is introduced for discussion.

The ORCSD School Board will meet in regular session on the first and third Wednesdays of the month with special meetings when necessary. The School Board appreciates your attendance at these meetings and invites your continued interest in its work on behalf of the children and residents of the District.

Information Regarding Nonpublic Session

On occasion, the Board agenda may include (or be adjusted to include) a Nonpublic Session. When a motion is made to do so, it will be done under the provisions of the NH State Law RSA 91-A:3 II, and one or more of the following reasons will be claimed for entering Nonpublic Session:

a. The dismissal, promotion or compensation of any public employee or the disciplining of such employee, or the investigation of any charges against him, unless the employee affected (1) has a right to a meeting and (2) requests that the meeting be open, in which case the request will be granted.

b. The hiring of any person as a public employee.

c. Matters which, if discussed in public, would likely affect adversely the reputation of any person, other than a member of the public body itself, unless such person requests an open meeting.

d. Consideration of the acquisition, sale or lease of real property or personal property which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general community.

e. Consideration or negotiation of pending claims or litigation which has been threatened in writing or filed against the body or agency of any sub-division thereof, or against any member thereof because of his membership in such body or agency, until the claim or litigation has been fully adjudicated or otherwise settled.

III PUBLIC COMMENTS:
None

IV APPROVAL OF MINUTES: Motion to approve June 4th Minutes
Denise Day moved to approve the June 4th minutes, 2nd by Al Howland.
Revision: insert: Page 1 insert “and this” before should be stricken. Page 6 should read “Kenny Rotner asked about the transition process and specific alignment curriculum of incoming Barrington students.
Insert: Carolyn Eastman present under Administrators.
Motion passed 7-0 with the Student Representative voting in the affirmative.

APPROVAL OF MANIFESTS:
Payroll Manifest #27: $962,765.38
Vendor Manifest #26: $167,992.62
Vendor Manifest #1: $9,480.70

V ANNOUNCEMENTS AND COMMENDATIONS:
District: Todd Allen commended that Maegan Doody won the 800 meter run at the New England Championship this past weekend. Dominique Twombly placed 2nd in the 200 and third in the 100 meters.
Graduation went extremely well last weekend. He recognized the facilities department for all their work on a backup plan because of possible inclement weather.

Carolyn Eastman acknowledged the Oyster River celebration picnic last weekend and raised funds for Project 68. She thanked everyone involved for all their hard work and collaboration.

Carrie Vaich reported last Friday they had the traditional fourth grade breakfast. Field day was yesterday. The first showing of the expression sessions was today and will continue tomorrow.

Dennis Harrington announced that the fourth grade recognition ceremony tomorrow evening. Construction is going smoothly. He thanked the Board for all their work and support throughout the year.

**Board:** Sarah Farwell thanked all the Principals for giving her a tour of their buildings. It is appreciated.

Kenny Rotner congratulated all the students. Graduation was a great event this year. He also thanked all the teachers for their work.

Tom Newkirk commended the Middle School Jazz Band for their performance at the Portsmouth Music Hall.

**DISTRICT REPORTS:**

**Assistant Superintendent/Curriculum and Instruction Reports:** Carolyn Eastman reported that progress reports will be available on Friday. Printed copies are available upon request. She commended staff for all their summer proposals. There are 77 staff members participating staff development work this summer. Leadership team is meeting next week to set priorities for next year and also on the strategic plan.

**Business Administrator:** Sue Caswell gave the latest budget update. The fund balance is on track with enough revenue to fund projects that the Board has approved.
Student Senate Update: M. Doody reported that the incoming freshman came to the high school today for a tour and had a question and answer period by HS students.

ORHS Alumni Survey Results: Todd Allen gave the Board a presentation on the ORHS Alumni Survey Results.

The focus of the study was on the classes of 2009 and 2012. The survey was distributed via standard mail and then followed up by telephone contact. The questions were designed to provide a perspective on the program as a whole while at the same time to give specific feedback to individual curricular areas. The data collected from the survey generally reflects positively our program at ORHS but also gives us potential areas to improve upon. It is the intent to conduct a survey of this kind every two years in the interest of ongoing program assessment and improvement.

DISCUSSION ITEMS:

Chinese Afterschool Program: Proposal to bring rich Chinese language and cultural opportunities to Oyster River elementary students. No cost to the District; Affordable, community-focused afterschool program at UNH, led by a qualified teacher with support from UNH student volunteers; Includes sister-school relationship with a leading primary school in western China; Prepares our children for opportunity and leadership in a global economy;
Possible only if ORCSD agrees to sponsor J1 Teacher visa for a Chinese Teacher.

Yusi Turell, Josh Jenkins, and Jessie Jacobs gave an overview of the proposed presentation of the Chinese Afterschool Program to the Board.

Key Elements of the Proposed Program:

Age appropriate introduction to Chinese language and culture, led by a qualified Chinese teacher with support from UNH student volunteers;
Two days per week;
Held on UNH campus;
Direct busing from the elementary schools;
Nominal fee for attending families

**Kenny Rotner moved to support the concept of the creation of the Chinese afterschool program including seeking the J1 Visa, 2nd by Al Howland. Motion approved 7-0 with the Student Representative voting in the affirmative.**

The Board had a discussion on possibly funding the Remote Television and/or New Flooring for Mast Way Gymnasium Floor: The gymnasium flooring at Mast Way cost is $40K.

There will be a technology plan formed in the fall. The remote television could be implemented into the budgeting process this fall with the technology plan.

**Denise Day moved to approve a new gymnasium floor at Mast Way to be the same as Moharimet, 2nd by Al Howland. Motion approved 5-2 with Sarah Farwell and Maria Barth opposing. The Student Representative voted in the affirmative.**

Re: FY2016 Calculations

This memorandum is written to provide budget information to you as you begin a discussion regarding FY2016 budget goals setting.

The approved Guild contract estimated an increase of $441,969 to the FY16 budget. This year we will be negotiating with two of our unions, ORESPA, paraprofessionals and food service, and ORBDA, transportation. A reasonable estimate for these contracts could increase the budget by another $200,000. Our goal for facilities has been to continue to increase our efforts to address our capital needs. Last year we added an additional $161,731 to this effort. The proposed Technology plan requires and increased financial commitment to the budget each year.

Using some estimating assumptions, below I have outlined what our increases might look like for FY2016.

It should be noted that this estimate does not include increases for non-bargaining unit employees which includes program directors, central office, maintenance and technology staff. It also does not include increases for insurances and retirement rate increases.
Fiscal Year 2015 Budget Goals

Revised 9/9/13

1. The ORCSD 2014-15 Budget will not exceed the cost of living as established by U.S. Government for 2013. Health Insurance, negotiated contracts and State cost shifts/mandate not subject to COLA.

2. Class size will be in accordance to Policy IIB in order to meet the needs of students both for acceleration and remediation.

3. The proposed 2014-15 budget will be analyzed to see if staff reassignment, the reassignment of funds, or other savings can be determined before adding new staff or programs.

4. Tuition funds will be used to maintain and enhance programs, offset capital costs and to lower tax impact on District taxpayers.

5. The 2014-15 budget will support state and local standards, to create a predictable resource acquisition cycle, and to provide assessments that give common reports to staff, parents and community based on the aforementioned state and local standards.

6. The proposed 2014-15 budget will account for unique costs associated with the implementation of common core, the draft strategic plan, proposed technology plan and the cost of equalization for the elementary student population.

RE: Approval of Technology Lease

Attached you will find the details of the financing proposal for the laptops we discussed during the budgeting process. Our budget has the funding to support a 3 year, 36 month lease for this hardware. This lease will provide 595 laptops for students and staff. As an affirmation of the voter approval of this purchase our auditors request the School Board to approve the terms and conditions of this lease. Josh Olstad, Technology Director, will be available to answer any questions you may have in regards to this proposal.

### Policies for 2nd Read/Adoption
FAMILY AND MEDICAL LEAVE ACT

Oyster River Cooperative School District Employees are entitled to family and medical leave under the federal Family and Medical Leave Act of 1993 ("FMLA") when they meet all of the eligibility requirements of the law. This policy sets forth several rules that must be applied uniformly to all employees who may be eligible for family and medical leave. The Superintendent and his/her designees are authorized to administer the federal law and accompanying regulations consistent with this policy.

More information concerning family and medical leave can be obtained from Oyster River Cooperative School District Central Office.

A. Employee Eligibility Period

1. 12-Month Period for Birth, Adoption or Foster Care; Serious Health Condition Purposes; Qualifying Exigency

There is a 12-month eligibility period for FMLA leave taken for the following qualifying purposes:

a. Birth and care of the newborn child of the employee;
b. Placement with the employee of a son or daughter for adoption or foster care;
c. Care for an immediate family member (spouse, child, or parent) with a serious health condition;
d. Medical leave when the employee is unable to work because of a serious health condition; or
e. Qualifying exigency leave for an employee whose spouse, child or parent in the National Guard, Reserves or retired military is on active duty or called to active duty status.

The 12-month period used to determine employee eligibility for FMLA for the purposes described above shall be:

- The "rolling" 12-month period measured forward or backwards from the date any employee's first FMLA leave usage begins.

2. 12-Month Period for Military Caregiver Leave

There is a separate 12-month period for employees eligible for military caregiver leave of up to 26 weeks. Such leave may be taken to care for a spouse, child, parent or next of kin of a service member with a serious injury or illness. This leave is calculated from the first day that leave is taken for this purpose and does not track the employer's customary 12-month FMLA tracking period. Any military caregiver leave that is not taken with the specific 12-month period is forfeited.
3. The Family and Medical Leave Act (FMLA) entitles eligible employees who work for covered employers to take up to 12 workweeks of unpaid, job-protected leave in a 12-month period for a "qualifying exigency" arising out of the foreign deployment of the employee’s spouse, child, or parent. FMLA leave for this purpose is called qualifying exigency leave.

B. Notice by Employee

Employees requesting leave shall provide at least 30 days' notice to the Superintendent or his/her designee whenever the need for such leave is foreseeable. The employee shall provide appropriate medical certification (or other certification appropriate to the particular request) supporting the leave request.

When the Superintendent or his/her designee has reason to believe that an employee is or will be absent for an FMLA-qualifying purpose, the Superintendent or designee should request the appropriate information from the employee to determine the employee's eligibility for family and medical leave.

B. Coordination with Other Leave

When leave is taken that qualifies both as FMLA and as permitted leave under any employment contract, collective bargaining agreement or policy, the employee shall use FMLA and the other type of leave concurrently, provided that the employee meets all of the eligibility requirements for each type of leave. Types of leave that shall run concurrently with FMLA include, but are not necessarily limited to: personal and/or family sick leave, unpaid leave, disability leave, absence for work-related injuries, vacation and any other applicable types of leave.

Example: An employee with a chronic illness qualifies for both sick leave and family medical leave. The employee has 25 days (five weeks) of accumulated paid sick leave. For the first five weeks, the employee is on paid sick leave and family and medical leave; the two types of leave run concurrently. Once the sick leave is exhausted, the employee has seven more weeks of unpaid family medical leave until her 12-week federal FMLA entitlement is used up.

C. Fitness for Duty Certificate

Before returning to work, employees taking FMLA for their own serious health condition shall submit a certificate from a health care provider indicating that they are able to return to work and perform the essential functions of the position.

FUND BALANCES

The Oyster River Cooperative School Board in order to address the implications of Governmental Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Definitions. This policy is created in consideration of unanticipated events that could adversely affect the financial condition of the District and jeopardize the continuation of necessary public services. This policy will ensure that the District maintains adequate fund balances and reserves in order to:

   a. Provide sufficient cash flow for daily financial needs,
   b. Secure and maintain investment grade bond ratings,
   c. Offset significant economic downturns or revenue shortfalls, and
   d. Provide funds for unforeseen expenditures related to emergencies.

FUND TYPE DEFINITIONS

The following definitions will be used in reporting activity in governmental funds across the District. The District may or may not report all fund types in any given reporting period, based on actual circumstances and activity.

The general fund is used to account for all financial resources not accounted for and reported in another fund.

Special revenue funds are used to account and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than capital projects. Examples include, but are not limited to, the Food Service Fund; Federal and State Grant Fund; and Private Grant Fund.

Capital projects funds are used to account for all financial resources restricted, committed or assigned to expenditure for the acquisition or construction of capital assets.

Permanent funds are used to account for resources restricted to the extent that only earnings, and not principal, may be used for purposes that support the District’s purposes.

FUND BALANCE REPORTING IN GOVERNMENTAL FUNDS

Fund balance will be reported in governmental funds under the following categories using the definitions provided by GASB Statement No. 54:

Nonspendable fund balance

Definition – includes amounts that cannot be spent because they are either:

   a. not in spendable form, or
   b. legally or contractually required to be maintained intact.
Classification – Nonspendable amounts will be determined before all other classifications and consist of the following items (as applicable in any given fiscal year):

- The District will maintain a fund balance equal to the balance of any long-term outstanding balances due from others (including other funds of the District)
- The District will maintain a fund balance equal to the value of inventory balances and prepaid items (to the extent that such balances are not offset with liabilities and actually result in fund balance)
- The District will maintain a fund balance equal to the corpus (principal) of any permanent funds (if any) that are legally or contractually required to be maintained intact
- The District will maintain a fund balance equal to the balance of any land or other nonfinancial assets held for sale

Restricted Fund Balance

Definition – includes amounts that can be spent only for the specific purposes stipulated by applicable state and local laws and regulations, external resource providers, or through enabling legislation (for example, but not limited to, actions authorized by the voters at school district meetings).

Committed Fund Balance

Definition – includes amounts that can be used only for the specific purposes determined by a formal action of the District’s highest level of decision – making authority (i.e., School Board).

Authority to Commit – Commitments will only be used for specific purposes pursuant to a formal action of the School Board.

Assigned Fund Balance

Definition – includes amounts intended to be used by the District for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed.

Authority to Assign – The School Board delegates to the Superintendent of Schools or his/her designee the authority to assign amounts to be used for specific purposes. Such assignments cannot exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund.

The Board will authorize said expenditures as included in the facilities plan, an emergency situation or unique opportunity.
Unassigned Fund Balance

Definition – includes the residual classification for the District’s general fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification should be used only to report a deficit balance from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

OPERATIONAL GUIDELINES

The following guidelines address the classification and use of fund balance in governmental funds:

Classifying fund balance amounts – Fund balance classifications depict the nature of the net resources that are reported in a governmental fund. An individual governmental fund may include nonspendable resources and amounts that are restricted, committed, or assigned, or any combination of those classifications. The general fund may also include an unassigned amount.

Encumbrance reporting – Encumbering amounts for specific purposes for which resources have already been restricted, committed or assigned should not result in separate display of encumbered amounts. Encumbered amounts for specific purposes for which amounts have not been previously restricted, committed or assigned, will be classified as committed or assigned, as appropriate, based on the definitions and criteria set forth in GASB Statement No. 54. For compliance with state statutory requirements, encumbrance accounting for budgetary and financial reporting to the Department of Education and the Department of Revenue Administration, and as reported in the Required Supplementary Information (RSI) section of the annual financial statements, encumbrances are determined in accordance with RSA 32:7(I).

Chapter 32 Municipal Budget Law – Appropriations
32:7 Lapse of Appropriation

“Annual meeting appropriations shall cover anticipated expenditures for one fiscal year. All appropriations shall lapse at the end of the fiscal year and any unexpended portion thereof shall not be expended without further appropriation, unless: 1. The amount has, prior to the end of that fiscal year, become encumbered by a legally-enforceable obligation, created by contract or otherwise, to any person for the expenditure of that amount;”

Prioritization of fund balance use - When an expenditure is incurred for purposes for which both restricted and unrestricted (committed, assigned, or unassigned) amounts are available, it shall be the policy of the District to consider restricted amounts to have been reduced first. When an expenditure is incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used, it shall be the policy of the District that committed amounts would be reduced first, followed by assigned amounts and then unassigned amounts.
Unassigned fund balance - For compliance with state statutory requirements, encumbrance accounting for budgetary and financial reporting to the Department of Education and the Department of Revenue Administration, the statutory based General Fund “unreserved-undesignated” fund balance will be used towards funding the appropriations of the subsequent year in accordance with the historical practices of the Commissioner of the Department of Revenue Administration under RSA 198:4-a (III):

Chapter 198 School Money – District Taxes
198:4-a Report of Appropriations Voted

“III The commissioner of revenue administration shall examine such certificates and delete any appropriation which is not made in accordance with the law, and adjust any sum which may be used as a set off against the amount appropriated when it appears to the commissioner of revenue administration such adjustment is in the best public interest.”

198:4-b Contingency Fund

“II. Notwithstanding any other provision of law, a school district by a vote of the legislative body may authorize, indefinitely until specific rescission, the school district to retain year-end unassigned general funds in an amount not to exceed, in any fiscal year, 2.5 percent of the current fiscal year’s net assessment pursuant to RSA 198:5, for the purpose of having funds on hand to use as a revenue source for emergency expenditures and over expenditures under RSA 32:11, or to be used as a revenue source to reduce the tax rate.”

Unassigned fund balance in the Food Service Fund will be limited to “maximum amounts” as per federal and state regulations.

REPLACING DEFICIENCIES

Year-end deficits and any Special revenue fund (including, but are not limited to, the Food Service Fund) will be replenished by year end transfer (journal entry or other method) from the General Fund if the General Fund has available unassigned fund balance (for financial reporting purposes) and “unreserved-undesignated fund balance (for statutory compliance purposes).

Governmental Standards Board Statement 54 (GASB 54)
FIXED ASSETS POLICY

A. Objective

The Governmental Accounting Standards Board (GASB) issued Statement 34, significantly changing the content and layout of the annual financial statements. The objective of this policy is to facilitate compliance by the School District with GASB 34.

B. Overview

Fixed assets are specific item(s) of property that: (1) are tangible in nature; (2) have a life longer than three years; and (3) have a significant value. The significant value test is important because the ORCSD has individual assets that are tangible and long-lived, but whose value is so small that the time and expense incurred in maintaining the detailed accounting and inventory records for these item(s) are not justified.

The District’s administration is responsible for establishing an accounting and internal control structure designed to maintain a complete and accurate accounting of fixed assets with significant value. This is important for several reasons. Adequate accounting procedures and records for fixed assets are essential to effective asset management and control as well as reporting fixed assets to conform with generally accepted accounting principles (GAAP). The responsibility involved in safeguarding such a large public investment is of importance to sound management and financial administration. The internal control structure is designed to provide reasonable, but not absolute, assurances that these objectives are attained.

C. Capitalization Policy

"Fixed Assets" are all items purchased that have a useful life of more than three years, are of a tangible nature and have a value of $10,000 or more, gross cost, not including trade-ins or any taxes, licenses, etc.

Items of less than $10,000 are not to be considered as fixed assets unless they form an integral and essential part of another piece of equipment or structure considered to be a fixed asset or a part of a Capital Project.

Land and Buildings will be considered to be a fixed asset regardless of cost.

D. Classification of Fixed Assets

1) Land and improvements: Purchased land will be carried on the Fixed Assets Schedule at acquired cost. All costs for legal services incidental to the acquisition and other charges incurred in preparing the land for use shall be included in the cost. In order for improvements to be capitalized, the improvement should be considered permanent and should add value or improve the use of the land. Examples of improvements are fences, retaining walls, landscaping, drainage systems, sewer or water lines, utilities, etc. All land will be considered a fixed asset, regardless of the value.

2) Buildings: All buildings will be valued at purchase price or construction cost. Cost should include all charges applicable to the building acquisition including fees for brokers, appraisers, engineering consultants, legal services, and architects.
3) Equipment and Machinery: All items of tangible property not permanently affixed to real property, which are needed in carrying out the operations of the District, are considered fixed assets. Installation cost should be included in the capitalized amount. Examples are furniture, machinery, heavy equipment, computers, etc. that have an individual item acquisition cost of $10,000 or more and a life expectancy of three years or more.

4) Construction Work in Progress: This is primarily used in conjunction with Capital Projects. Capital Project costs are accumulated until completion, when cumulative costs are transferred to the appropriate fixed asset account. The capitalization policy does not apply in these cases, and all costs must be recorded to give accurate values.

5) Infrastructure: The construction of new street(s), sewer and bridge infrastructure and the improvements to the existing infrastructure are added to the fixed asset schedule.

6) Additions and Modifications to Existing Assets: Costs are often incurred in connection with fixed assets after the original acquisition cost has been established. In general, any expenditure which is an addition to a fixed asset, or an integral part of it, that significantly increases the value of, enhances the performance of or changes its useful life, should be classified as a capital expenditure and the original acquisition cost adjusted. The addition to a building or a dump body to a truck chassis where none existed before are some examples. When modifications, which enhance the performance or life of an asset, are made, the value of the asset should be adjusted by the difference in cost between the original and the modification.

E. Disposal of Fixed Assets/School Property

No equipment or supplies shall be disposed of until permission has been received from the Business Administrator’s office. The Business Administrator and or designee will determine whether the material involved has salable value, and if such shall be the case, authorize the sale of the material. If the material does not have salable value, the proper disposal of the books, equipment, and/or supplies shall be determined by the Business Administrator, and disposed of in such a way as to be environmentally safe.

- Single items up to $500 in value may be sold by the Business Administrator.
- Single items, which may exceed $500 in value, are to be sold by sealed bids presented to the School Board Business Administrator.
- The above guidelines may be waived by the School Board in lieu of a public auction conducted by the District.
- Items remaining unsold after advertising and/or an auction shall be declared non-salvageable and shall be disposed of in the most expeditious manner, and whenever possible items will be disposed in an environmentally safe manner.

School Properties Disposal Procedure

The Board authorizes disposition of obsolete items according to the following priority actions:

- By selling to the highest bidder or whatever other business arrangement is in the best interest of the Oyster River Cooperative School District.
- When practicable, the Board shall donate such items to charitable organizations and schools.
- By public auction.
- By removal to a town transfer station and/or environmental safe facility.
CASH IN SCHOOL BUILDINGS

Monies collected by Oyster River Cooperative School District school employees and by student treasurers shall be handled with good and prudent business procedures. All monies collected shall be receipted, accounted for, and directed without delay to the proper location of deposit District bank.

In no case shall monies be left overnight in schools, except in safes provided for safekeeping of valuables, and even then not to exceed more than a few dollars. All schools shall provide for making bank deposits after regular banking hours in order to avoid leaving money in school overnight.

Insurance - The School Board shall procure and maintain fidelity bonds in reasonable amounts, in order to protect against the loss of money, securities, and checks by actual destruction, disappearance, or wrongful abstraction from within all premises and also while off any premises. Such coverage will include a commercial blanket bond covering employee dishonesty, and may include a comprehensive dishonesty, disappearance and destruction bond, with optional coverage depending on the exposures at various locations.
