Todd Allen spoke for Jay Richard who is at the Scholastic Writing Awards at Plymouth State College with 18 students. Thursday, May 12 will be Servicepolooza at the middle school. They will be taking on a variety of projects at the school and in the community.

**B. Board:** Kenny Rotner mentioned that the School Summer Reach Program is working with Durham Parks. He wanted to make sure the community knows that Durham Parks portion of the Program is open to children from Lee and Madbury as well.

Sarah Farwell noted that the Summer Reach Program is a great opportunity for students. She also wanted to thank the number of staff members that were at the Mast Way Concert last evening.

**V. DISTRICT REPORTS**

**A. Assistant Superintendent/Curriculum and Instruction Report:** Todd Allen reported that the registration for the Summer Reach Program will take place through Memorial Day.

**Standardized Assessment in the ORCSD:**

Todd Allen presented the Standardized Assessment to the Board:

**Why Do We Use Standardized Assessments?**

Standardized assessments are designed to be objective measures of student performance.

The data gathered allows for comparability of student achievement at local/state/national levels.

Accountability is the focus of state and federal policy makers.

**State Required: Smarter Balanced Assessment Consortium:**

Aligned to Common Core Standards

Summative assessments done in both math and ELA
Conducted every spring in grades 3-8
Test window set by the DOE (generally March – June)
Total test time is 8-10 hours per student broken into 4-6 sessions
Each assessment is broken into two main parts: Computer Adaptive Test and Performance Task based on a classroom activity

State Required: Science NECAP

Summative assessment conducted in May for grades 4, 8, and 11
Total time of test is 1.5 to 2.5 hours per student
DOE is wrestling with science assessment as NECAP is based on older standards
Move to next generation science standards will eventually have an impact on Science NECAPs

State Required: PSAT/ST at the High School Level:

In 2016 PSAT/SAT replaced SBAC at the high school
New versions of PSAT/SAT are aligned with the Common Core Standards
ORHS 11th graders also do the essay portion of the SAT which is not required by the state.
All ORHS 10th graders take the PSAT
All ORHS 11th graders take the SAT
Total test time is 4 hours per student

Locally Administered: Star Math and Reading Assessments:
STAR is a formative assessment aligned with Common Core math and reading standards
Conducted three times a year in grades 2-9 with progress monitoring in 10th grade
Each assessment takes 20-30 minutes
Total time of assessment is 2-3 hours per student per year.

Locally Administered: Fontas and Pinnell Benchmark Reading Assessment:

Benchmark is formative assessment done at Mast Way and has been adopted for 2016-17 at the Moharimet School
Developmental Reading Assessment (DRA) has been done at Moharimet through 2015-16 but will be replaced by Benchmark next year. Conducted in grades K-4. Assessment conducted 2-3 times a year and takes 15-45 minutes per student per assessment.

**ORCSD Uses of Standardized Test Data:**
Response To Intervention and student support teams across the district utilize the data to improve instruction for all students at the classroom level. Individual students supports are targeted and monitored through standardized data collection and analysis. Individual teachers have access to student data to inform classroom instruction via PowerSchool Analytics. Once we have three years of SBAC data it will be able to be used to support curriculum review and development.

The Board had an in-depth discussion on the PSAT’s given to the tenth grade students. They discussed whether it is a good measure of learning on content covered? Is it helping them to prepare for the SATs or is it learning to take the test. Todd Allen mentioned that there is value in measuring the testing but by no means do any of these tests measure to the broader spectrum of learning.

Sarah discussed the RTI and would like a way to offer organizational skills to students that would help them as they move forward to middle and high school.

**B. Superintendent’s Report:** Dr. Morse reported that in light of Cinco de Mayo and working with the university they are limiting after school activities at the middle school but not at the high school. The university and the town of Durham have worked with the School District to avoid any disruptions to the schedule.

The Negotiations Committee met with the Guild today and they would like to do a collaborative approach to negotiating. This first meeting went extremely well. At the next Board meeting they would like a nonpublic meeting to update the Board.
C. Business Administrator:

**Budget Update**: Sue Caswell updated the Board on the Budget and as of April 28th they are right on target.

**Bond Update**: Sue Caswell updated the Board on the Bond update. She is recommending using TD Bank for the bonding of the athletic field’s project.

**Kenny Rotner moved to authorize Sue Caswell to negotiate with TD Bank for the bonding of the athletic field’s project, 2nd by Denise Day. Motion approved 7-0 with the Student Representative voting in the affirmative.**

RE: Youth Risk Behavior Survey Summary

The Youth Risk Behavior Survey (YRBS) is a survey that was designed by the Centers for Disease Control to measure health and risky behavior in adolescents. Oyster River High School and Oyster River Middle School both participate in the biannual administration of the YRBS. Test administrations occur in odd years (most recently 2015) and results become available in the spring of even years (2016). The data collected is used to analyze trends and identify areas in need of additional attention at the national, state and local levels. All data collected is anonymous keeping all responses confidential. ORHS and ORMS have participated in the YRBS for more than a decade.

Thank you.
School Handbooks are not included in this packet but are posted on the website as additional back up for the May 18, 2016 meeting.

I apologize for any inconvenience this may have caused.

RE: World Language & Chinese Proposals

After the presentation on the Chinese program on April 20, 2016, the Board was understandably reluctant to establish Chinese or World Language goals before the annual Strategic Plan Progress Report in July.

The ORCSD School Board begins discussion in July on replacement goals and finalizes them in August of each year. The exception is the budget goal discussion which begins in September and is finalized in November.

We left the April meeting with an understanding that time is always limited and some preparatory work could be done regarding World Language before July, such as research. The Board requested a report out by November 2016 in order to consider any budgetary implications as the 2017-18 budget was being developed.

There were three separate and distinct recommendations embedded in the presentation of April 20, 2016:

1. The Proposal to include Chinese into the middle school and high school day for 5th – 12th grades.
2. The expansion of the Middle School Program from an exploratory to core program, and
3. The addition of an elementary program.

1. The Chinese Program

The Chinese Program has been an afterschool program for the past two school years serving primary age children in multiple grade levels. The vast majority of the costs associated with the program have been borne by the Confucius Institute and the parents. Busing and visa costs have been paid for by the District.

The program, as presented by Yusi Turell, on April 20, 2016, has proven very successful. The afterschool program is at maximum capacity. The parents of the children taking Chinese are asking that the District transition from an afterschool program to inclusion into the middle school and high school day schedule. Staffing costs would continue to be paid for by the Confucius Institute. Chinese would be a choice for 5th through 12th grade students. Predictably, most students will continue to choose French and Spanish, so having a Chinese option is unlikely to have an impact on the current world languages program. It would however provide students the opportunity to take Chinese within the school day, a convenience they currently do not have.

Should the Board approve this recommendation it could begin as soon as the fall of 2017.
2. Expansion of World Language in the Middle School

The recommendation to expand French and Spanish at the middle school has nothing to do with the Chinese recommendation. The recommendation is to expand the middle school world languages of French and Spanish from exploratory to core classes that all students would participate in, similar to ELA, Math, Science and Social Studies. The recommendation would start the expansion of world language in grade 5. This recommendation would take longer to implement and requires middle school principal and teacher involvement. The implementation date is subject to budget approval as well as space availability.

Unlike Chinese, there are cost implications related to foreign language expansion at the middle school and elementary schools. The Board had a number of questions regarding this proposal that included:

1. What would the staffing cost be?
2. What would the impact be on other content areas?
3. Is there space at the middle school to accommodate expanded program?
4. What does the research say regarding the acquisition of language at younger ages?
5. What is the faculty viewpoint of expanding world language into the middle school?

3. Expansion of World Language into the Elementary Schools

Independent of both the Chinese Program and expansion of the middle school program, is the recommendation to expand world language into the elementary schools.

Elementary programs tend to look very different from middle level and high school programs. All of the questions related to middle level expansion are relevant to the elementary questions, but also include unique questions such as:

1. How does an elementary school find time to offer additional programming?
2. What would the program look like?
3. How often would students meet?
4. What are the implications for staffing due to a shortage of staff in this area?
5. How would it impact the overall elementary program?
6. What is the timeline for implementation?

In summary, the presentation on April 20, 2016 had three separate components that require different levels of research and inquiry. Embedding Chinese in the day program is the easiest of the three recommendations. Expanding world language opportunities at the middle school and elementary schools involves research, budget, space and content considerations.

STUDENT EDUCATION RECORDS AND INFORMATION

The Oyster River School District shall comply with the Family Educational Rights and Privacy Act ("FERPA") and all other federal and state laws and regulations concerning confidentiality and maintenance of student records and information.

A. Directory Information

The Oyster River School District designates the following student information as directory information: name, participation and grade level of students in recognized activities and sports, height and weight of student athletes, dates of attendance in the school district, honors and awards received, and photographs and videos of student participation in school activities open to the public. The Oyster River School District may disclose directory information if it has provided notice to parents/legal guardians and eligible students and has not received timely written notice refusing permission to designate such information as directory information.

B. Military Recruiters/Higher Education Access to Information

Under federal law, military recruiters and institutions of higher education are entitled to receive the names, addresses and telephone numbers of secondary students and the Oyster River School District must comply with any such request, provided that parents have been notified that they and secondary school students have the right to request that this information not be released without their prior written consent.

C. Health or Safety Emergencies

In accordance with federal regulations, the School District may disclose education records in a health or safety emergency without prior written consent to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

D. Transfer of Student Records

The Oyster River School District sends student education records to a school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled, if the school, school system, or institution or postsecondary education has requested the records, so long as the disclosure is for purposes related to the student's enrollment or transfer. Such records include, but are not limited to, grades and report cards, disciplinary records, attendance records, special education records and health records.

E. Designation of Law Enforcement Unit

The Board hereby designates its School Resource Officer as the Oyster River School District's law enforcement unit.

F. Administrative Procedures and Notices

The Superintendent is responsible for developing and implementing any administrative procedures and parent notices necessary to comply with the applicable laws and regulations concerning
student education records and information. Notices shall be distributed annually to parents and eligible students concerning their rights under these laws and regulations. A copy of this policy shall be posted in each school.

STUDENT EDUCATION RECORDS AND INFORMATION –
ADMINISTRATIVE PROCEDURE

This administrative procedure is intended to assist administrators and school staff in complying with the requirements of federal and state statutes and regulations concerning student education records and information, including special education requirements.

A. Definitions

The following definitions apply to terms used in this procedure.

2. "Directory information" means the following information contained in an education record of a student: name, participation and grade level of students in officially recognized activities and sports, height and weight of student athletes, dates of attendance in the school district, honors and awards received, and photographs and videos relating to student participation in school activities open to the public.

3. "Eligible student" means a student who has attained 18 years of age or who is attending an institution of postsecondary education. Generally, once a student becomes an eligible student, all rights accorded to parents concerning education records transfer to the eligible student, except that the School District may continue to disclose education records to a parent without prior written consent if the student qualifies as a dependent under the Internal Revenue Code.

4. "Parent" means parent, regardless of divorce or separation, a legal guardian, or individual acting as a parent or guardian. There shall be a presumption that a parent has the authority to exercise the rights inherent in the Act, unless the School District has been provided with evidence that there is a court order, statute, or legally binding document relating to such matters as divorce, separation or custody that specifically revokes such rights.

5. "Record" means information recorded in any way, including but not limited to handwriting, print, e-mail or other computer media, video or audio tape, or microfilm and microfiche.

6. "Education record" means records, files, documents and other materials that contain information or data that directly relates to a student and is maintained by the school district. Records of instructional, supervisory and administrative personnel and personnel who support these individuals, which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a temporary substitute for the person who made the record are excluded from this definition, as are grades on peer-graded papers before they are collected and recorded by a teacher.

7. "Student" includes any individual who has been in attendance at the School District and regarding whom the School District maintains education records.
B. Annual Notification of Rights

Parents and eligible students shall be provided with notice of their rights under FERPA and other applicable federal and state laws and regulations concerning education records at the beginning of each school year or upon enrollment if a student enrolls after the start of the school year. The School District may provide notice through any of the following means:

1. Mailing to students' homes;
2. Distribution to students to take home;
3.1 Publication in student handbooks that are provided to students and eligible students; or
3.2 Publication in newsletters on District website or other materials distributed available to each parent/eligible student.

C. Access to Policy and Administrative Procedure

The School District’s policy on Student Education Records and Information shall be posted in each school. In addition, school administrators shall provide copies of this administrative procedure to parents/eligible students upon request or when a request to inspect or amend records is made.

D. Inspection and Review of Education Records

Parents/eligible students may review and inspect their education records by the following procedure:

1. The parent/eligible student must make a written request to the Superintendent or building administrator to review the records.
2. The Superintendent or building administrator will comply with the request without unnecessary delay and in a reasonable period of time, but in no case more than 45 days after and in all cases, within 14 days after the day it received the request of its receipt. If the student qualifies as a child with a disability, the Superintendent or building administrator will comply before any IEP Team meeting regarding an Individualized Education Program or any due process hearing or resolution session under the special education laws.
3. The Superintendent or building administrator may deny a request for access to or copies of the student’s education records if there is reasonable doubt as to the legality of the parent-child relationship. Access will be withheld until a determination of legal right to access can be established.
4. All records shall be reviewed in the presence of a school official.

Parents of special education students may also review upon request the following:

1. The School District’s list of types and locations of education records and titles of officials responsible for the records.
2. The School District’s record of disclosures of personally identifiable information (see Section F).
E. Requests to Amend Education Records

Parents/eligible students may ask the School District to amend education records they believe are inaccurate, misleading or in violation of the student's privacy rights as follows:

1. The parent/eligible student must make a written request to the Superintendent or building administrator to amend the education record. The request must clearly identify the part of the record they want changed, specify how they want it changed, and specify why it is inaccurate or misleading.

2. The Superintendent or building administrator shall, within a reasonable period of time after receipt of the request, either amend the record in accordance with the request or inform the parent/eligible student of the School District's refusal to amend the record and inform the parent/eligible student of their right to request a hearing.

3. If the parent/eligible student requests a hearing, it shall be held within a reasonable period of time from the School District's receipt of the written request. The parent/eligible student shall be given advance notice of the date, place and time of the hearing. The Superintendent shall designate an individual to conduct the hearing. This individual may be an employee of the School District as long as he/she does not have a direct interest in the outcome of the hearing. The parent/eligible student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised and may be assisted or represented by individuals of his/her choice at his/her own expense, including an attorney.

4. The School District shall make its decision in writing within a reasonable period of time. The decision of the school must be based solely on the evidence presented at the hearing, and shall include a summary of the evidence and the reasons for the decision.

5. If, as a result of the hearing, the School District decides that the information is inaccurate, misleading or otherwise in violation of the privacy rights of the student, it shall amend the education records of the student accordingly and so inform the parent/eligible student in writing.

6. If, as a result of the hearing, the School District decides that the information is not inaccurate, misleading or otherwise in violation of the privacy rights of the student, it shall inform the parent/eligible student of their right to include a statement in the student's education record about the contested information and/or setting forth any reasons for disagreeing with the decision of the School District.

7. Any statement placed in the student's education record under the preceding paragraph shall be maintained with the contested part of the record for as long as the record is maintained by the School District. If the School District discloses the contested portion of the record to any party, it shall also disclose the statement.

F. Disclosure of Education Records

All disclosures of education records will be made in compliance with federal and state statutes and regulations. The School District will not disclose any personally identifiable information from the education records of a student without the prior written consent of the parent/eligible student unless such disclosure is otherwise allowed by federal and/or state statutes or regulations. The written consent shall include a specification of the records which may be disclosed, the purpose(s) of the disclosure(s), and the identity of the party or class of parties to whom the disclosure(s) may be made.
There are several exceptions to the requirement to obtain prior written consent before disclosing education records as follows:

1. **Directory Information.** The School District may make directory information (as described in Section A) public at its discretion unless a parent/eligible student has notified the Superintendent in writing by September 15th (NOTE: Or choose another date) or within thirty (30) days of enrollment, whichever is later, that the parent/eligible student refuses to let the School District designate as directory information any or all of those types of information. This opt-out shall remain in effect until the following school year, unless the parent or eligible student rescinds it earlier, or unless the student no longer attends the School District, in which case the opt out will remain in effect unless it is rescinded.

   Absent an opt out, the School District may disclose directory information about former students without the consent of the parent/eligible student.

2. **Military Recruiters/Institutions of Higher Education.** Military recruiters and institutions of higher education are entitled to receive the names, addresses and telephone numbers of secondary students and the School District must comply with any such request, provided that parents have been notified of their right to request that this information not be released without their prior written consent. Parents and secondary school students who do not want the School District to disclose this information must notify the Superintendent in writing by September 15th (NOTE: Or choose another date) or within thirty (30) days of enrollment, whichever is later.

3. **School Officials with Legitimate Educational Interests.** Education records (and personally identifiable information from an education record) may be disclosed to school officials with a "legitimate educational interest." A school official has a legitimate educational interest if he/she needs to review an education record (or to receive personally identifiable information from an education record) in order to fulfill his/her professional responsibility. School officials include persons employed by the School District (or the School District's school administrative unit) as an administrator, supervisor, instructor or support staff member (such as guidance, health or medical staff and the School District's designated law enforcement personnel, if any); members of the School Board; persons or companies with whom the School District or school administrative unit has contracted to provide specific services (such as attorneys, auditors, medical consultants, evaluators, experts, or therapists); **companies providing online educational services**; and volunteers who are under the direct control of the School District with regard to education records.

4. **Other Schools.** The School District sends student education records to schools, school systems, or institutions of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled, if the school, school system, or institution of secondary education has requested the records and so long as the disclosure is for purposes related to the student's enrollment or transfer. Such records shall include, but are not limited to, grades, report cards, disciplinary records, attendance records, special education records and health records.

5. **Health or Safety Emergency.** In accordance with federal regulations, the School District may disclose education records in a health or safety emergency without prior written consent to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.
6. Other Entities/Individuals. Education records may be disclosed to other governmental entities and individuals as specifically permitted by FERPA and the accompanying regulations.

G. Request/Disclosure Record

1. The School District will maintain a record of requests for and disclosures of personally identifiable information from the education records of a student.

2. Such records do not include: (a) disclosures to the parents/eligible student; (b) disclosures made pursuant to written consent of the parents/eligible student; (c) disclosures to school officials with legitimate educational interests in the record; (d) disclosures of directory information; (e) disclosures to the person who provided or created the record; (f) disclosures pursuant to a subpoena to an enforcement proceeding as described in 34 C.F.R. § 99.31(a)(9)(ii)(A) and (B) if the court or agency issuing the subpoena ordered that the existence or contents of the request for disclosure remain confidential; or (g) disclosures pursuant to ex parte orders obtained by the U.S. Attorney General (or certain designees) concerning investigations or prosecutions of offenses listed in 18 U.S.C. § 2332(g)(5)(B) or acts of domestic or international terrorism as defined in 18 U.S.C. § 2332.

3. The record will include the party requesting the information and the "legitimate interest" the party has in the information. In the case of state and local educational authorities, and federal officials and agencies identified in the FERPA regulations, the record must specify that the records may be subject to further disclosure by these authorities, officials and agencies without consent.

4. When disclosures are made under the exception for health or safety emergencies, the record must include the "articulable and significant threat to the health or safety of a student or other individuals that formed the basis of the disclosure" and the parties to whom the information was disclosed.

H. Waiver of Confidentiality Rights

A parent/eligible student may waive any of his/her rights regarding confidentiality of education records, but any such a waiver must be in writing and signed by the parent/eligible student. The school may not require that a parent/eligible student waive his or her rights. Any waiver may be revoked, but such revocation shall not apply to any actions taken by the School District prior to the revocation being received. If a parent executes a waiver, that waiver may be revoked by the student any time after he/she becomes an eligible student.

I. Fees for Copying Records

There shall be no charge to search for or retrieve education records of a student. The School District shall provide copies of education records to parents/eligible students upon request, subject to reasonable limitations. The cost of producing copies of the record to parents/eligible student will be eight cents ($0.08 per page copied), plus postage. Parents/eligible students who are unable to pay such fees will not be denied access to education records.
J. Maintenance and Destruction of Education Records

The School District shall maintain education records as required by federal and state statutes and regulations.

1. Records shall be maintained in paper and/or electronic form by personnel who are knowledgeable about the applicable confidentiality and record retention requirements. All records shall be safeguarded from unauthorized access. Student records must be kept in fireproof storage at the school or a duplicate set must be kept off-site.

2. The School District shall not destroy any education record if there is any outstanding request to inspect or review such records.

3. Records of access to education records shall be retained as long as the records themselves.

4. The School District shall inform parents of students who have received special education services when education records are no longer needed to provide educational services to the student or to demonstrate that the school has provided the student with a free appropriate public education as required by law. At that point, the records may be turned over to parents/eligible student upon their request, or destroyed in accordance with the parent’s request or School District procedures.

ANNUAL NOTICE OF STUDENT EDUCATION RECORDS AND INFORMATION RIGHTS

The Family Educational Rights and Privacy Act ("FERPA") provides certain rights to parents and eligible students with respect to the student’s education records.

A. Definitions.

1. "Parent" means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or guardian.

2. "Eligible student" means a student who has reached 18 years of age or who is attending an institution of postsecondary education. Generally, once a student becomes an eligible student, rights under FERPA transfer from the parents to the eligible student. The School District may, however, continue to disclose education records to a parent without prior written consent if the student qualifies as a dependent under the Internal Revenue Code.

B. Inspection of Records

Parents/eligible students may inspect and review the student’s education records within 14 days after the day of its receipt that a request is made 45 days of making a request, or before an IEP Team meeting or due process hearing. Such requests must be submitted to the Superintendent or building administrator in writing and must identify the record(s) to be inspected. The Superintendent or building administrator will notify the parent/eligible student of the time and place where the record(s) may be inspected in the presence of school staff. Parents/eligible students may obtain copies of education records at a cost of $0.08 cents per page, plus postage if applicable.

C. Amendment of Records

Parents/eligible students may ask the School District to amend education records they believe are inaccurate, misleading or in violation of the student’s right to privacy. Such requests must be submitted to the Superintendent or building administrator in writing, clearly identify the part of the record they want changed and how they want it changed, and specify why it is inaccurate or misleading or in violation of the student’s right of privacy. If the Superintendent or building administrator decides not to amend the record as requested, the parent/eligible student will be notified of the decision, their right to request a hearing and information about the hearing process.

D. Disclosure of Records

The School District must obtain a parent/eligible student’s written consent prior to disclosure of personally identifiable information in education records except in circumstances permitted by law or regulations as summarized below.
1. Directory Information

The School District designates the following student information as directory information that may be made public at its discretion: name, participation and grade level of students in officially recognized activities and sports, height and weight of student athletes, dates of attendance in the school district, honors and awards received, and photographs and videos relating to student participation in school activities open to the public. Parents/eligible students who do not want the School District to disclose directory information must notify the Superintendent in writing by September 15 (NOTE: or other date chosen) or within thirty (30) days of enrollment, whichever is later. This opt-out shall remain in effect until the following school year, unless the parent or eligible student rescinds it earlier, or unless the student no longer attends the School District, in which case the opt out will remain in effect unless it is rescinded.

Absent an opt out, the School District may disclose directory information about former students without the consent of the parent/eligible student.

2. Military Recruiters/Institutions of Higher Education

Military recruiters and institutions of higher education are entitled to receive the names, addresses and telephone numbers of secondary students and the School District must comply with any such request, provided that parents have been notified that they and secondary school students have the right to request that this information not be released without their prior written consent. Parents/students who do not want the School District to disclose this information without their prior written consent must notify the Superintendent in writing by September 15 (NOTE: or other date chosen) or within thirty (30) days of enrollment, whichever is later.

3. School Officials with Legitimate Educational Interests

Education records (and personally identifiable information from an education record) may be disclosed to school officials with a “legitimate educational interest.” A school official has a legitimate educational interest if he/she needs to review an education record (or to receive personally identifiable information from an education record) in order to fulfill his/her professional responsibility. School officials include persons employed by the School District (or the School District’s school administrative unit) as an administrator, supervisor, instructor or support staff member (such as guidance, health or medical staff and the district’s law enforcement personnel, if any); members of the School Board; persons or companies with whom the School District or school administrative unit has contracted to provide specific services (such as attorneys, auditors, medical consultants, evaluators, experts, or therapists); companies providing online educational services; and volunteers who are under the direct control of the School District with regard to education records.

4. Health or Safety Emergencies

In accordance with federal regulations, the School District may disclose education records in a health or safety emergency to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals without prior written consent.
5. Other Schools

The School District sends student education records to schools, school systems, or institutions of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled, if the school, school system, or institution of postsecondary education has requested the records and so long as the disclosure is for purposes related to the student’s enrollment or transfer. Such records shall include, but are not limited to, grades, report cards, disciplinary records, attendance records, special education records and health records.

6. Other Entities/Individuals

Education records may be disclosed to other entities and individuals as specifically permitted by law. Parents/eligible students may obtain information about other exceptions to the written consent requirement by request to the Superintendent or building administrator.

E. Complaints Regarding School District Compliance with FERPA

Parents/eligible students who believe that the School District has not complied with the requirements of FERPA have the right to file a complaint with the U.S. Department of Education. The office that administers FERPA is:

If a student is more comfortable reporting the alleged act to a person other than the building Principal, the student may contact any School District employee. The School District will respect the confidentiality of the victim and the perpetrator(s) as much as possible, consistent with the School District’s legal obligations and the necessity to investigate allegations of alleged bullying and cyberbullying and to take appropriate remedial disciplinary action when such conduct has been substantiated. However, no disciplinary action can be taken against a perpetrator solely on the basis of a confidential report.

2. Any school employee, volunteer, or employee of a company under contract with the school or School District, who has witnessed or has reliable information that a student has been subjected to bullying or cyberbullying shall report the incident to the student’s Principal. “Reliable information” shall include a parent’s or student’s claim that a student is the victim of bullying or cyberbullying.

3. All reports must be documented on the School District’s Bullying/Cyberbullying Reporting Form. 6. The Superintendent may, within the forty-eight (48) hour time period in paragraph 5 of this Section, grant the Principal a written waiver from the notification requirement if the Superintendent deems such waiver to be in the best interest of the victim or perpetrator. The waiver shall not negate the school’s responsibilities to comply with the remainder of this Policy.

IV. INVESTIGATION AND REMEDIAL ACTION

1. The Principal or his/her designee shall begin an investigation of the alleged acts of bullying or cyberbullying within five (5) school days of receiving the School District’s Bullying/Cyberbullying Reporting Form. The goal of an investigation is to obtain an accurate and complete account of all incidents and circumstances deemed relevant to the allegations, to determine whether bullying or cyberbullying occurred, and to identify the student(s) responsible for the acts. These procedures are intended to protect the rights of a victim and perpetrator.

(a) The alleged perpetrator(s) will be provided the opportunity to be heard as part of the investigation.

(b) Privacy rights of all parties shall be maintained in accordance with applicable laws.

(c) The building principal/assistant principal shall keep a written record of the investigation process.

(d) The building principal/assistant principal may take interim remedial measures to reduce the risk of further bullying/cyberbullying, retaliation and/or to provide assistance to the alleged victim while the investigation is pending.

(e) The building principal/assistant principal shall consult with the Superintendent as appropriate concerning the investigation and any remedial measures or assistance provided.

(f) Consistent with applicable law, students may not be required to disclose or provide to the District the student’s user name, password or other authenticating information to a student’s personal social media account. However, District investigators may request a student or a student’s parent/guardian voluntarily share printed copies of specific information from a student’s personal social media account if such information is relevant to an ongoing investigation.

2. The Principal or his/her designee will complete the investigation within seven (7) school days after the Principal receives the School District’s Bullying/Cyberbullying Reporting Form, except in cases where the Superintendent grants a written extension. The Superintendent, if necessary, may grant an extension of the time period for the completion of the investigation for up to an additional seven (7) school days. The Superintendent shall notify all parties in writing of the granting of an extension. The Principal or his/her designee will expedite the investigation of any claim involving physical violence or serious threats of harm.
3. To end bullying or cyberbullying and prevent its recurrence, the Principal or his/her designee will take such disciplinary action deemed necessary and appropriate, including but not limited to detention, in-house suspension, out-of-school suspension or referral to the Superintendent to consider long-term suspension or expulsion, and/or referral to law enforcement. Any discipline imposed will be in accordance with and consistent with the School Board’s policies on student discipline.

4. Administrators have the discretion within the requirements of district policies on student discipline, to determine appropriate disciplinary consequences and/or interventions for violations of this policy based upon the relevant facts and circumstances in a particular case, including but not limited to the age and maturity of the students involved; the type and frequency of the behavior; a student’s willingness to cooperate in the investigation and correct behavior; and the student’s prior disciplinary record.

5. Besides initiating disciplinary action, the Principal or his/her designee may also take other remedial action deemed necessary and appropriate to end bullying or cyberbullying and prevent its recurrence including but not limited to requiring participation in peer mentoring, or other life skills groups; reassigning student’s classes, lunch periods or transportation; and/or offering appropriate assistance to the victim or perpetrator.

6. At the time a bullying or cyberbullying report is made, the Principal or his/her designee in consultation with the Superintendent, shall develop a strategy to protect all students from any kind of retaliation.

7. The Principal or his/her designee must document his/her investigation results in a written report. The investigation report shall include documentation of the statements/interviews of the victim, perpetrator, and witnesses. Copies of any documents or other evidence (e.g., electronic communications) obtained during the investigation shall be attached to the report. The Principal or his/her designee’s investigation report shall also include the Principal or his/her designee’s findings of whether the report of bullying or cyberbullying was substantiated and the reasons why the report was or was not substantiated. If the report is substantiated, the Principal or his/her designee shall include in the investigation report recommendations for remediating the bullying or cyberbullying and shall, when appropriate, recommend a strategy to protect students from retaliation. If the report is not substantiated as bullying or cyberbullying but the conduct violates school rules or policies, the Principal or his/her designee shall specify the school rules or policies violated and make appropriate recommendations to address the violations.

8. The Principal or his/her designee shall notify the Superintendent of all substantiated instances of bullying or cyberbullying. The Superintendent shall report to the School Board all substantiated instances of bullying and cyberbullying.

9. Within ten (10) school days of completion of the investigation, the Principal shall notify the parents of the victim and perpetrator of the school’s remedial action. In accordance with FERPA, the School District may not disclose to the parents of victims the educational records of perpetrators which include but are not limited to the discipline and remedial action assigned to the perpetrators.
10. Since bullying or cyberbullying may begin again after several weeks or months have lapsed, the perpetrator in substantiated cases should be closely supervised. The victim should be encouraged to report any new problems to the Principal or his/her designee. The Principal or his/her designee should interview the victim regularly to make sure that there is no recurrence of bullying, cyberbullying, or retaliation. The Principal or his/her designee shall document all follow-up with the victim.

V. FILE RETENTION

The Principal will maintain in a separate confidential file the original completed School District’s Bullying/Cyberbullying Reporting Form, investigatory interview notes and reports, findings made, the investigation report, including any decision for action, and other relevant investigatory materials, and maintain a copy of the file in the perpetrator’s education record. The Principal shall also provide a copy of the file to the Superintendent.

VI. APPEAL

1. For non-disciplinary remedial actions where no other review procedures govern, the parents of the perpetrator and victim shall have the right to appeal the Principal or his/her designee’s decision regarding their student to the Superintendent in writing within five (5) school days. The Superintendent shall review the Principal or his/her designee’s decision and issue a written decision within ten (10) school days. If the aggrieved party is still not satisfied with the outcome, then the aggrieved party may file a written request for review by the School Board within ten (10) school days of the Superintendent’s decision. The appeal shall state in writing why the appealing party is aggrieved, and the specific relief they are requesting.

VII. RETALIATION OR FALSE ACCUSATIONS

No person shall retaliate or make false accusations against a victim, witness, or anyone else who in good faith provides information about an act of bullying or cyberbullying. The School District will discipline any individual who retaliates or makes a false accusation or encourages others to retaliate or make a false accusation against a victim, witness, or anyone else who in good faith provides information, testifies, assists, or participates in an investigation, proceeding or hearing relating to an act of bullying or cyberbullying.

If a complaint or report is not made in good faith, the School District will take such disciplinary action deemed necessary and appropriate including but not limited to suspension, expulsion, or dismissal.

VIII. POLICY NOTIFICATION/DISSEMINATION

1. Copies of this Policy shall be given to all employees, students and parents annually by publishing in the applicable handbook. Whenever new School District employees or students begin during the school year, they shall receive a copy of the appropriate handbook before commencing work or school attendance. The Superintendent or his/her designee shall also make
all volunteers, and contractors who have contact with students and chartered public schools aware of this Policy.

2. The School District will post this Policy and a summary of the Policy on the School District’s website and conspicuously in each school building in areas easily accessible to students and staff.

IX. TRAINING OF STAFF AND EDUCATING PARENTS AND STUDENTS

1. The School Administration shall develop age-appropriate methods of discussing the meaning, substance, and application of this Policy with parents and students in order to minimize the occurrence of bullying and cyberbullying and to identify, respond to, and report incidents of bullying or cyberbullying. In support of this policy, the Board promotes preventative educational measures to promote greater awareness of aggressive behavior, including bullying.

2. The School Administration shall provide training annually for employees, school volunteers, and contractors who have contact with students for the purpose of preventing, identifying, responding to, reporting incidents of bullying or cyberbullying, and implementing this Policy.

X. RECORDINGS IN STUDENT DISCIPLINE MATTERS

1. Recordings on School Buses. Pursuant to RSA 570-A:2, notice is hereby given that the School Board authorizes audio recordings to be made in conjunction with video recordings of the interior of school buses while students are being transported to and from school or school activities. A sign informing the occupants of school buses that such recordings may occur shall be posted on all buses.

2. Use of Recordings. The District reserves the right to use audio/video on buses and video recording devices on District property to ensure the health, safety and welfare of all staff, students and visitors. Placement and location of such devices will be established in accordance with the provisions of Policies JEA, JEA and ECAF.

In the event a recording is used as part of a student discipline proceeding, such recording may become part of a student’s education record. If a recording does become part of a student’s educational record, the provisions of Policy JRA shall apply.

The Superintendent is authorized to contact the District’s attorney for a full legal opinion in the event of such an occurrence.

XI. BULLYING AS ABUSE AND CRIMINAL CONDUCT

Under certain circumstances (e.g., physical harm/touching or damage to property) bullying or cyberbullying may constitute a violation of the Safe School Zones Act or abuse under RSA 169-C, the Child Abuse Reporting Act. In such situations, employees, volunteers and contractors shall comply with provisions of the School District’s Policy concerning the Safe School Zones Act and the law which in part requires reporting to the Principal and requires the Principal to file a written
report with the police within 48 hours and to notify the victim's parents/guardian that a report has been filed.

XII. SEXUAL HARASSMENT

Bullying or cyberbullying may constitute sexual harassment in which case it shall be subject to and be handled in accordance with the School District's Sexual Harassment and Sexual Violence Policy, not this Policy.

AGENDA PREPARATION AND FORMAT

Agenda Preparation and Dissemination

The Superintendent, in consultation with the Board Chair, and/or Vice-Chair, shall prepare an agenda for each meeting of the Board. Board members, school staff, students, organizations and members of the public may submit written requests to the Board through the Chair or the Superintendent for items to be placed on the agenda. Their request must be received a minimum of seven days prior to the meeting at which the organization or individual wishes the item to be addressed by the Board in order to be considered for placement on the agenda. In addition, during the meeting, Board members may request that an item be placed on a future agenda. The Chair and Superintendent shall make the final decision regarding placement of items on the agenda.

The agenda will be distributed to Board members, the media, and designated school-affiliated organizations no later than 72 hours prior to a regular meeting or workshop/informational meeting of the Board and, as soon as possible in the event of a special or emergency meeting. Copies of the agenda will be posted and/or available at the Superintendent’s Office, at each school and on the district website. Anyone desiring additional information regarding an agenda item should direct inquiries to the Office of the Superintendent. Copies of the agenda will also be available at the Board meeting.

Additions and Adjustments to the Agenda during the Meeting

In general, it is the Board’s intent that meeting agendas be set in advance and that the regular agenda format be followed. However, it is understood that there may be occasions when it is necessary to add items or otherwise adjust the agenda. After the meeting has been called to order, the Superintendent or Board Chair members may recommend additions and/or adjustments to the agenda of a regular meeting.

Any Board member who wishes to add, remove, or change an item to the agenda may offer a motion to that effect. Such a motion shall require a second to proceed to a vote.

All additions, deletions and changes to the agenda must be approved by a majority vote of the Board members present and voting and if approved will then be added to a future meeting. If possible, please give advanced notice of changes to the Superintendent and Board chair.

In order to facilitate its business, the Board Chair may adjust the agenda by changing the order of business by consensus of the Board.

Welcome to the School Board meeting. If you wish to be heard by the Board, please note “Public Comment” at the beginning of the agenda (reverse side). *During the comment section of the agenda each speaker may have up to, but not exceed, three (3) minutes within the time frame allowed.* Unless extended by the Board Chair, may limit time allotment as deemed necessary. Occasionally, the Board may “suspend its rules” to allow visitor participation at the time an issue of specific interest is being addressed. A speaker will not be recognized for a second time on a particular topic.

Visitors should not expect a Board response to their comments or questions under the above since the Board may not have discussed or taken a position on the matter. The Superintendent, without speaking for the Board, may offer clarification as appropriate.

Agendas and background information are available on the district website prior to meetings. Agendas and additional information are generally available at the entrance to the meeting room or distributed at the time the item is introduced for discussion.

The ORCSD School Board will meet in regular session on the first and third Wednesdays of the month with special meetings when necessary. The School Board appreciates your attendance at these meetings and invites your continued interest in its work on behalf of the children and residents of the District.

Visitors: 0 –

Called to order at 3:40 by Maria Barth.

Jim asked Maria if he could add a policy to the agenda as background information only for a parent correspondence that was received by Catherine and copied to the School Board.

Jim acknowledge Catherine Plourde who briefly explained why Policy IHB – Establishing Criteria for Special Education Evaluation was being brought forward, and answered questions surrounding the procedure that was followed, and the subsequent decision that was made using the guidelines depicted in the policy.

Catherine remained at the meeting to answer any questions that the policy committee might have pertaining to the next four policies and procedures that were reviewed and revised by legal counsel in accordance with the changes to the State and Federal laws.

Policy JRA – Student Education Records and Information (FERPA) Catherine reviewed the proposed changes to the policy with the committee and answered questions. This policy is ready for first read.

Procedure JRA-R – Student Education Records and Information Procedure – As with the FERPA policy, this procedure was also reviewed and clarification of information was put in place and will be moved forward with the policy at the next School Board meeting.

Policy JRA-E – FERPA Student Annual Notice – As with the procedure, Catherine reviewed the changes with the committee and this will also move forward at the next School Board meeting.

Policy JICK – Pupil Safety & Violence Prevention – Bullying & Cyberbullying – Jim explained that this policy was also being revised due to changes made by the State in the definition of what now constitutes bullying. Committee members asked clarifying questions and a lengthy discussion ensued. This policy is ready for a first read.

Policy BEDB & R – Agenda Preparation and Format – This policy was brought before the committee at the request of Kenny Rotner so that a change to the Agenda format could be brought before the entire School Board for their review. Kenny asked if "Approval of Agenda" could be added and "Comments" added to Section IV. This policy is ready for a first read.

Policy GBJ & R – Personnel Records – This policy and procedure was reviewed by the HR Coordinator for accuracy. Committee discussed and made minor changes to the wording in the policy for a clearer understanding. This policy and procedure will be sent to the next School Board meeting for a first read.

Meeting ended at 4:45 PM – Next meeting June 8, 2016.
